* A **New Licensee Requiring CE** is an individual that is issued any of the following licenses:
Life, Variable Life & Variable Annuity, Accident & Health/Sickness, Property, Casualty, Personal Lines or Adjuster.

Example: 1) An individual that was issued a Life license, effective January 1, 2017, **is** a New Licensee Requiring CE.

2) An individual that was issued a Credit license, effective January 1, 2017, **is not** a New Licensee Requiring CE.

Pursuant to N.C.G.S. 58-33-130(d), **Biennial** (every two years) continuing education (CE) requirements shall be **24 credit hours.** The Commissioner may by rule establish a staggered system in which the credit hour **compliance period is based on the month and year of birth** of each individual licensee.

The licensee's birth year determines if an individual must meet CE on an even or odd year.
Example: 1) **1960** is considered an **EVEN** year.
2) **1961** is considered an **ODD** year.

The licensee's birth month determines the month continuing education is due.
Example: An individual **born in October** would need **24 hours** of CE completed by the **last day of October** in the compliance year.

Example: 1) An individual with a birth date of December 1, **1960, licensed in 2017,** is required to meet **24** hours of CE by December **2020.**

2) An individual with a birth date of October 1, **1957, licensed in 2017,** is required to meet **24** hours of CE by October **2019.**

The following chart shows the first deadline a New Licensee is required to meet 24 hours of CE for the first biennial
