INDEPENDENT AUDITORS' REPORT

Board of Directors White Oak Manor, Inc. and Subsidiaries Spartanburg, South Carolina

Report on the Audit of the Consolidated Financial Statements *Opinion*

We have audited the accompanying financial statements of White Oak Manor, Inc. and Subsidiaries (the Company) which comprise the consolidated balance sheets as of September 30, 2023 and 2022, and the related consolidated statements of income, shareholders' equity, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of White Oak Manor, Inc. and Subsidiaries as of September 30, 2023 and 2022, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of White Oak Manor, Inc. and Subsidiaries and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about White Oak Manor, Inc. and Subsidiaries' ability to continue as a going concern for one year after the date the financial statements are available to be issued.

•

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of White Oak Manor, Inc. and Subsidiaries' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Subsidiaries' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Organization</u>

White Oak Manor, Inc. and its wholly owned subsidiaries, (the Company) operate nursing home facilities, assisted living facilities, and apartment complexes for the elderly throughout North and South Carolina.

Principles of Consolidation

The accompanying 2023 and 2022 consolidated financial statements include the accounts of White Oak Manor, Inc. and its wholly-owned subsidiaries, which are as follows:

White Oak Management, Inc. White Oak Manor - Spartanburg, Inc. White Oak Manor - Columbia, Inc. White Oak Manor - Newberry, Inc. White Oak Manor - Rock Hill, Inc. White Oak Manor - Shelby, Inc. White Oak Manor – Kings Mountain, Inc. White Oak Manor – Tryon, Inc. White Oak Manor - Rutherfordton, Inc. White Oak Manor - Burlington, Inc. White Oak Manor - Charleston, Inc. White Oak Manor – Charlotte, Inc. White Oak Estates, Inc. White Oak Estates Apartments, Inc. White Oak Estates Assisted Living, Inc. White Oak Manor – Lancaster, Inc. White Oak Manor – York, Inc. White Oak Manor – Waxhaw, Inc. White Oak Manor at North Grove, Inc.

Effective December 2, 2019, the Company sold the White Oak Manor - Rutherfordton location to an independent third party for net proceeds of \$3,207,193. As of the effective date, the facility, operations and personal property of the facility, permits to operate the facility, contracts, intellectual property, and Medicaid, Medicare and Third-Party Payor agreements and provider numbers were assumed by the purchaser. All accounts receivable, accounts payable and accrued wages originating prior to the closing date remained with the Company.

The consolidated financial statements also include the accounts of the White Oak Estates Wellness Center, which is a department of White Oak Estates, Inc. All significant intercompany balances and transactions have been eliminated in consolidation.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. Estimates could also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash Equivalents

Cash equivalents consist of temporary bank deposits, money market instruments, and certificates of deposit with an original maturity of three months or less at the date of purchase. As of September 30, 2023 and 2022, the Company had overdrawn its cash balances by \$3,229,828 and \$4,540,792, respectively.

Allowance for Uncollectible Accounts

The Company provides an allowance for uncollectible accounts using management's judgment. Residents are not required to provide collateral for services rendered. Payment for services is required upon receipt of invoice or claim submitted. Accounts past due more than 45 days are individually analyzed for collectability. At September 30, 2023 and 2022, the allowance for uncollectible accounts was approximately \$523,000 and \$795,000, respectively.

Investments

The Company follows the accounting standard requiring unrealized gains and losses on instruments other than debt securities to be included within net income (loss) on the consolidated statements of income.

Assets Limited as to Use

Assets limited as to use primarily include assets required to be set aside by the Department of Insurance of the State of North Carolina as operating reserves and amounts received for advance admission deposits. All assets limited as to use are held in cash or cash equivalents, equity investments, and debt securities.

Property and Equipment

Property and equipment are recorded at cost and include assets costing greater than \$500 in North Carolina nursing homes, all apartments, and assisted living facilities, and assets costing greater than \$5,000 in South Carolina nursing homes at the time of purchase with a useful life greater than one year. Routine maintenance, repairs, and renewals are charged to expense. Expenditures that materially increase values, change capacities, or extend useful lives are capitalized. Depreciation is calculated on the straight-line method over the estimated useful lives of depreciable assets. Equipment is depreciated over 5 to 7 years and building and improvements are depreciated over 10 to 40 years.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Goodwill</u>

Goodwill represents the excess of the cost over the fair value of the net assets of the acquired businesses. Prior to October 1, 2015, goodwill was not amortized but was tested annually for impairment. In the event that the fair value of the Company's reporting unit containing goodwill was less than its carrying amount, the Company would determine the amount of the impairment based upon the excess of the carrying amount of goodwill over its implied fair value.

The Company follows the provisions of Accounting Standards Update (ASU) No. 2014-02, *Intangibles-Goodwill and Other (Topic 350): Accounting for Goodwill*, which provides an alternative to accounting for goodwill for private companies. The alternative allows an entity to amortize goodwill over a period of 10 years. An entity that elects the alternative is also required to make an election to test goodwill for impairment at the entity level or the reporting unit level. The Company has elected to evaluate potential impairment at the entity level. Under the alternative, goodwill is tested for impairment only when a triggering event occurs or circumstances change that indicate that the fair value of the entity (or reporting unit) may be less than its carrying amount.

Amortization expense for the years ended September 30, 2023 and 2022 was approximately \$68,000.

Deferred Revenue – Provider Relief Funding

Due to the COVID-19 pandemic, the U.S. Department of Health and Human Services (HHS) made available emergency relief grant funds to health care providers through the CARES Act Provider Relief Fund (PRF). The PRF's are subject to certain restrictions on eligible expenses or uses, reporting requirements, and will be subject to audit. At 2022, the Company recognized \$1,874,139 of Provider Relief Funding, as other operating revenue in the consolidated statements of income. Management believes the amounts have been recognized appropriately as of September 30, 2022. The Company received no Provider Relief Funding in 2023 and recognized no revenues related to PRF.

Deferred Income

Amounts shown as deferred income were received under two types of rental agreements available to residents of White Oak Manor – Tryon, Inc.; White Oak Estates Apartments, Inc.; White Oak Manor – Charlotte, Inc.; and White Oak Manor – Burlington, Inc. (the Apartments).

Unearned deposit income represents fees that are earned over the estimated length of stay of the residents. Under the terms of the rental agreement, the unearned portion becomes the property of the Apartments in the event of the resident's death. The unearned portion is refundable to the resident in the event of termination of the lease by either the Apartments or the resident in decreasing amounts over a four or five year period.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Patient Service Revenue

Patient revenues are recorded at the private pay or expected reimbursement rate. Contractual adjustments include adjustments for patients admitted as private pay patients but later reimbursed under third-party payor rates and adjustments for ancillary charges. Final determination of amounts due from or to the Medicare and Medicaid programs is subject to review by appropriate governmental authorities or their agents. Differences between the amounts accrued and subsequent settlements are recorded in operations in the year of settlement.

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. The Company believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. While no such regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation as well as significant regulatory actions including fines, penalties, and exclusion from the Medicare and Medicaid programs.

Income Taxes

The Company, with the consent of its shareholders, has elected S-corporation status. In lieu of corporate income taxes, earning and losses are included in the income tax returns of the shareholders; accordingly, the accompanying consolidated financial statements do not reflect a provision or liability for federal and state income taxes. The Company has determined that is does not have any material unrecognized tax benefits or obligations as of September 30, 2023.

Fair Value of Financial Instruments

Fair value measurement applies to reported balances that are required or permitted to be measured at fair value under an existing accounting standard. The Company emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability and establishes a fair value hierarchy.

The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access.

Level 2 – Inputs that include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Fair values for these instruments are estimated using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value of Financial Instruments (Continued)

Level 3 – Inputs that are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Securities available for sale are recorded at fair value on a recurring basis. Fair value measurement is based on quoted prices, if available. If quoted prices are not available, fair values are measured using independent pricing models or other model-based valuation techniques, such as the present value of future cash flows, adjusted for the security's credit rating, prepayment assumptions, and other factors such as credit loss assumptions.

Securities valued using Level 1 inputs include those traded on an active exchange, such as the New York Stock Exchange, as well as debt securities, and U.S. Treasury and other U.S. government and agency mortgage-backed securities that are traded by dealers or brokers in active over-the-counter markets. Level 2 inputs held by the Company include its interest rate swap agreements. The Company does not have any investments valued using Level 3 inputs.

The Company also follows the policy of valuing certain financial instruments at fair value. This accounting policy allows entities the irrevocable option to elect fair value for the initial and subsequent measurement for certain financial assets and liabilities on an instrument-by-instrument basis. The Company has elected to measure alternative investments at fair value under this standard.

Variable Interest Entity

The Company follows the provisions of Accounting Standards Update (ASU) No. 2014-07, *Consolidation (Topic 810): Applying Variable Interest Entities Guidance to Common Control Leasing Arrangements*. This ASU provides an accounting alternative for private companies, whereby if certain criteria are met, an entity need not evaluate a lessor entity under Variable Interest Entity (VIE) accounting guidance.

Prior to 2016, the Company had not determined whether its relationships with certain entities would have required consolidation under VIE guidance. Because the relationship with the Kent and Bettye Cecil Trust meets the criteria in ASU 2014-07, the Company is no longer required to evaluate whether the entity needs to be consolidated.

New Accounting Pronouncement Effective

In February 2016, FASB issued ASU 2016-02 Leases (Topic 842). The amendments in the update increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the statements of financial position and disclosing key information about leasing arrangements.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncement Effective (Continued)

In June 2020, the FASB issued ASU 2020-05, Leases (Topic 842): Effective Dates for Certain Entities, which extended the effective date of this guidance. This pronouncement was effective and applied by the Company for the year ended September 30, 2023; however, the implementation of this standard did not have a material effect on the Company. Lease disclosures for the year ended September 30, 2022 are made under prior lease guidance in FASB ASC 840.

Risks and Uncertainties

The Company holds investments in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will continue to occur in the near term and that such changes could materially affect the Company's investment balances and the amounts reported in the consolidated balance sheets of the Company.

Subsequent Events

In preparing these consolidated financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through January 12, 2024, the date the consolidated financial statements were available to be issued.

NOTE 2 INVESTMENTS

Investments, stated at fair value, at September 30, include:

| | 2023 | 2022 |

Operating Reserve Requirement

The Company has three subsidiaries that operate continuing care facilities in North Carolina: White Oak Manor – Charlotte, Inc.; White Oak Manor – Tryon, Inc.; and White Oak Manor – Burlington, Inc. Under the laws and regulations of the Department of Insurance of North Carolina, which regulates continuing care facilities operating in that state, the Company is required to maintain operating reserves from 25% to 50%, depending on the occupancy percentage, of the total occupancy costs of the independent living units (i.e., total expenses less depreciation, amortization, and interest expense) plus an allocated portion of the skilled nursing facilities expenses based on a ratio of skilled nursing patient days provided to independent living patients, projected for the 12-month period following the period covered by the most recent annual statement filed with the Department of Insurance. This updated calculation was developed by the Department of Insurance in 2019 for the Company. The total required reserve at both September 30, 2023 and 2022 is \$992,098 and \$877,616, respectively. These assets are restricted and cannot be used without approval by the Department of Insurance.

All funds set aside to satisfy the regulatory requirements of the Department of Insurance of North Carolina are held in money market funds, debt securities, and equity investments.

Deposits

The Company holds resident reservation deposits for individuals who have expressed an interest in being part of a waiting list for upcoming apartment vacancies.

NOTE 3 ASSETS LIMITED AS TO USE (CONTINUED)

Deposits (Continued)

Retention deposits are one-time advance fees paid by apartment residents who wish to reduce their monthly rents for as long as they occupy an apartment unit. These funds are amortized over a fixed period stated on the rental agreement.

Estimated maturities on long-term debt follow:

| Year Ending September 30, | Amount |

| 2024 | \$ 17,138,508 |
| 2025 | 28,778,916 |
| Total | \$ 45,917,424 |

The terms of certain loan agreements contain covenants that require the maintenance of specific financial ratios and other covenants. As of September 30, 2023, the Company believes they are in compliance with these covenants.

NOTE 8 ASSET RETIREMENT OBLIGATION

The Company records an asset retirement obligation for which the fair value of the environmental remediation liability can be reasonably estimated. The Company has identified and recorded an asbestos asset retirement obligation related to certain aspects of its communities. The Company had a liability of approximately \$877,000 at September 30, 2023 and 2022 related to this obligation. No accretion expense was recorded in 2023 or 2022 related to this obligation.

NOTE 9 COMMON STOCK

Effective October 1, 2003, the Articles of Incorporation were amended to increase the authorized capital stock from 40,000 shares of \$1 par value voting common stock to 1,000,000 shares of "Series A" no par value voting common stock and from 60,000 shares of \$1 par value nonvoting common stock to 20,000,000 shares of "Series B" no par value nonvoting common stock.

Series A voting shares with \$1 par value were retired and shareholders were issued an equal number of shares of Series A, voting, no par value stock.

NOTE 10 PATIENT SERVICE REVENUE

Patient service revenue consists of the following for the years ending September 30:

| | 2023 | 2022 |
|-------------------------------|----------------|-----------------------|
| Routine Services | \$ 176,288,936 | \$ 155,620,758 |
| Special Services | 27,273,854 | 25,969,071 |
| Subtotal | 203,562,790 | 181,589,829 |
| Less: Contractual Adjustments | (24,235,382) | (20,170,697) |
| Total | \$ 179,327,408 | <u>\$ 161,419,132</u> |

Patient service revenue is reported at the amount that reflects the consideration to which the Company expects to be entitled in exchange for providing resident and patient care. These amounts are due from residents, patients, third-party payors (including health insurers and government programs), and others and includes variable consideration for retroactive revenue adjustments due to settlement of audits, reviews, and investigations. Revenue is recognized as performance obligations are satisfied.

Performance obligations are determined based on the nature of the services provided by the Company. Revenue for performance obligations satisfied over time is recognized based on actual charges incurred in relation to total expected (or actual) charges. The Company believes that this method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation. Generally, performance obligations satisfied over time relate to residents and patients receiving skilled nursing and assisted living services.

NOTE 10 PATIENT SERVICE REVENUE (CONTINUED)

The Company considers daily services provided to residents of the skilled nursing facility and monthly rental for housing services, as separate performance obligations and measures these on a monthly basis, or upon move-out within the month, whichever is shorter.

For nursing home and assisted living residents, the Company measures the performance obligation from admission into the facility, to the point when it is no longer required to provide services to that resident, which is generally at the time of discharge.

The Company determines the transaction price based on standard charges for goods and services provided, reduced by contractual adjustments provided to third-party payors, discounts provided to uninsured patients in accordance with the Company's policy and/or implicit price concessions provided to residents. The Company determines its estimates of contractual adjustments based on contractual agreements, its policies, and historical experience. The Company determines its estimate of implicit price concessions based on the evaluation of individual patients.

Agreements with third-party payors typically provide for payments at amounts less than established charges.

A summary of the payment arrangements with major third-party payors follows:

Medicaid - Standard Payments to Nursing Facilities

The Company has agreements with the states of South Carolina and North Carolina under the Medicaid program, and participates in the Medicare program. The Company has had a long-standing agreement with the state of South Carolina such that the Company provides care to Medicaid patients based upon fixed, prospectively determined rates.

Medicare - Prospective Payment System Payments to Skilled Nursing Facilities

The Medicare Reimbursement System methodology is based on a patient driven payment model (PDPM). The PDPM payment system operates similar to PPS in that patients are assigned standard rates of payment for their specific needs. Under PDPM, therapy minutes are removed as the primary basis for payment and instead, uses the underlying complexity and clinical needs of a patient as a basis for reimbursement. In addition, PDPM introduces variable adjustment factors that change reimbursement rates during the resident's length of stay. Therapy services to residents not in a covered Part A stay remain the same.

<u>Other</u>

Payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations provide for payment using prospectively determined daily rates.

NOTE 10 PATIENT SERVICE REVENUE (CONTINUED)

Laws and regulations concerning government programs, including Medicare and Medicaid, are complex and subject to varying interpretation. As a result of investigations by governmental agencies, various health care organizations have received requests for information and notices regarding alleged noncompliance with those laws and regulations, which, in some instances, have resulted in organizations entering into significant settlement agreements. Compliance with such laws and regulations may also be subject to future government review and interpretation as well as significant regulatory action, including fines, penalties, and potential exclusion from the related programs. There can be no assurance that regulatory authorities will not challenge the Company's compliance with these laws and regulations, and it is not possible to determine the impact (if any) such claims or penalties would have upon the Company. In addition, the contracts the Company has with commercial payors also provide for retroactive audit and review of claims.

Settlements with third-party payors for retroactive adjustments due to audits, reviews or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing patient care. These settlements are estimated based on the terms of the payment agreement with the payor, correspondence from the payor and the Company's historical settlement activity, including an assessment to ensure that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the retroactive adjustment is subsequently resolved. Estimated settlements are adjusted in future periods as adjustments become known (that is, new information becomes available), or as years are settled or are no longer subject to such audits, reviews, and investigations. Adjustments arising from a change in an implicit price concession impacting transaction price, were not significant in 2023 and 2022.

Generally, residents who are covered by third-party payors are responsible for related deductibles and coinsurance, which vary in amount. The Company estimates the transaction price for residents with deductibles and coinsurance based on historical experience and current market conditions. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual adjustments, discounts, and implicit price concessions. Subsequent changes to the estimate of the transaction price are generally recorded as adjustments to resident service revenue in the period of the change. Additional revenue recognized due to changes in its estimates of implicit price concessions, discounts, and contractual adjustments were not considered material for the years ended September 30, 2023 and 2022. Subsequent changes that are determined to be the result of an adverse change in the resident's ability to pay are recorded as bad debt expense.

The Company has determined that the nature, amount, timing and uncertainty of revenue and cash flows are affected by the following factors:

- Payors (for example, Medicare, Medicaid, managed care or other insurance, patient) have different reimbursement/payment methodologies
- Length of the patient's service/episode of care
- Method of reimbursement (fee for service or capitation)
- The Company's line of business that provided the service (for example, skilled nursing, assisted living, independent living, etc.)

NOTE 10 PATIENT SERVICE REVENUE (CONTINUED)

For the years ended September 30, 2023 and 2022, the Company recognized revenue of \$179,327,408 and \$161,419,132 respectively, from goods and services that transfer to the customer over a period of time.

The Company has provided for final settlements with the Medicare program and with Medicaid in the period the related services are rendered, and adjusts such estimates as final settlements are determined. Revenue from the Medicaid and Medicare programs together accounted for approximately 75% and 72%, respectively, of the Company's patient service revenue in the years ended September 30, 2023 and 2022.

The opening and closing contract balances were as follows:

| | Patient Accounts Deferred Receivable Income | | |
|--------------------------|---|----|---------|
| As of October 1, 2021 | \$ 15,233,507 | \$ | 847,464 |

| As of September 30, 2023 | 20,807,065 | | 812,530 |

NOTE 11 CONCENTRATION OF CREDIT RISK

FDIC Insurance

Financial instruments, which potentially subject the Company to concentrations of credit risk, consist principally of temporary cash investments. The Company places its temporary cash investments with high-quality financial institutions and limits the amount of credit exposure to any one company. At times, such investments may be in excess of the Federal Deposit Insurance Corporation (FDIC) insurance limit.

Receivables

The Company grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements. The mix of receivables from patients and third-party payors at September 30, 2023 and 2022 was as follows:

| | 2023 | 2022 |
|--------------------------|-------|-------|
| Medicare | 11 % | 11 % |
| Medicaid | 43 | 42 |
| Other Third-Party Payors | 46 | 47 |
| Total | 100 % | 100 % |

NOTE 12 OPERATING LEASES - ASC 840

The Company leases its office building and certain transportation equipment under lease agreements, which are classified as operating leases. Rent expense under such leases totaled approximately \$1,857,000 in 2022. Future annual minimum lease commitments under such leases are as follows:

| Year Ending September 30. | Amount | |

| 2024 | | 697,225 |
| 2025 | | 6,447 |
| Total | \$ | 1,674,360 |

NOTE 13 DERIVATIVE FINANCIAL INSTRUMENTS

The Company periodically entered into interest rate swap agreements (interest swaps) to moderate its exposure to interest rate changes. As of September 30, 2023 and 2022, the Company had interest swaps with notional amounts of approximately \$26,159,000 and \$27,286,000, respectively. These swaps change their variable rate interest on the associated debt to fixed rates of 2.59%, 4.28%, and 5.06%.

The fair values of the Company's interest swaps are presented on the consolidated balance sheets as follows:

NOTE 13 DERIVATIVE FINANCIAL INSTRUMENTS (CONTINUED)

The Company is exposed to a credit loss for the periodic settlement of amounts due under its interest rate swap agreements; however, such amounts were not material at September 30, 2023.

NOTE 14 RETIREMENT PLAN

The Company sponsors a retirement plan (the Plan) that covers substantially all employees. The Company's profit sharing contributions to the Plan are discretionary and are deposited with a qualified trustee with the employees' elective deferrals and the Company's matching contributions. The Company's profit sharing contributions are allocated based on the annual compensation of the participants. The Company made profit sharing and matching contributions of approximately \$91,000 and \$67,000 during the years ended September 30, 2023 and 2022, respectively.

NOTE 15 RELATED PARTY TRANSACTIONS

The Company is involved in various transactions with White Oak Pharmacy, an affiliated company by common management. The accompanying consolidated financial statements include balances and transactions between the Company and White Oak Pharmacy as follows at September 30:

Payments under the lease are approximately \$33,540 per month and are to be adjusted annually based on changes in the Consumer Price Index. Lease expense provided to the Trust was approximately \$403,000 in 2023 and 2022.

The Company was the guarantor on the mortgage payable on the building. The Ioan matures December 11, 2027, and required monthly principal and interest payments of \$3,828. The Ioan bore interest at One Month LIBOR plus 1.75%. The Ioan was paid in full during the year ended September 30, 2022 and the Company is no longer a guarantor.

NOTE 16 FAIR VALUE OF FINANCIAL INSTRUMENTS

NOTE 17 COMMITMENTS AND CONTINGENCIES

The health care industry is subject to numerous laws and regulations of federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse. Recently, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers. Violations of these laws and regulations could result in expulsion from government health care programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed.

Self-Insurance

Workers' Compensation

The Company is self-insured for workers' compensation. It has contracted with an administrative service company to supervise and administer the workers' compensation plan and act as its representative. Provisions for expected future payments under known claims and for claims incurred but not reported are actuarially determined by the administrative service company. The Company insures for excessive and unexpected claims and is liable for claims not to exceed \$300,000 per occurrence and an aggregate amount of \$1,740,000 per plan year.

NOTE 17 COMMITMENTS AND CONTINGENCIES (CONTINUED)

Self-Insurance (Continued)

Professional Liability

The Company is self-insured for professional liability insurance. The Company estimates its reserve under its self-insured plan based upon claims filed and also establishes a reserve for claims incurred but not yet reported. The reserve for claims incurred but not yet reported is based on the Company's historical experience.

Management Agreement

In fiscal year 2017, the Company entered into a management agreement with Kershaw Health to manage the skilled nursing facility known as Karesh Long Term Care Center. The management agreement began on February 1, 2018 for a period of three years and will automatically review for five additional years. Under the management agreement, the Company will receive a management fee equal to 6% of net patient revenues each year. The Company is responsible for paying employees including salaries, wages, and benefits, that will be reimbursed by Karesh Long Term Care Center monthly.

NOTE 18 CORPORATE LIQUIDITY

As shown in the accompanying consolidated financial statements, The Company has current liabilities in excess of current assets of approximately \$6,300,000 at September 30, 2023. This negative working capital is being driven by a loan that matures in March 2024 and has not been renewed prior to the issuance of the September 30, 2023 consolidated financial statements. These factors create uncertainty about the Company's ability to continue as a going concern. Management of the Company has been in discussions with the financial institution and has evaluated these conditions and feels confident that the outstanding debt could be renewed if needed.

NOTE 19 SUBSEQUENT EVENTS

In 2023, the Company signed a non-binding letter of intent proposal to potentially sell all asset of the Company to an unrelated third-party. As of the date of these financial statements, no deal has been formalized.

Summary of Significant Projection Assumptions and Accounting Policies

BASIS OF PRESENTATION

The financial projection (the "Projection") presents to the best of the knowledge and belief of management ("Management") of White Oak Manor – Tryon, Inc. ("Tryon"), White Oak Manor Burlington, Inc. ("Burlington"), and White Oak Manor – Charlotte, Inc. ("Charlotte") (subsidiaries of White Oak Manor, Inc.) (collectively the "Combined Subsidiaries"), the expected financial position, results of operations and cash flows as of September 30, 2024, 2025, 2026, 2027, and 2028 and for each of the years then ending (the "Projection Period"). All significant intra-entity activity has been eliminated upon combination.

A projection, although similar to a forecast, is a presentation of prospective financial information that is subject to one or more hypothetical assumptions. Management has included assumptions that are considered to be "Hypothetical Assumptions" as defined by the American Institute of Certified Public Accountants' Guide for Prospective Financial Information. A Hypothetical Assumption is defined as follows: "An assumption used in a financial projection or in a partial presentation of projected information to present a condition or course of action that is not necessarily expected to occur but is consistent with the purpose of the presentation."

Management's Hypothetical Assumption is as follows:

• Management is able to achieve the projected operating revenue inflationary rate increases and operating expense inflationary increases as described hereinafter.

Management's purpose for preparing this Projection is for the use of Management, the Board of Directors, and for inclusion in Management's Disclosure Statements in accordance with Chapter 58, Article 64 of the North Carolina General Statutes and is not intended to be and should not be used by anyone other than these specified parties. The Projection reflects management's judgment as of February 9, 2024, the date of this Projection, of the expected conditions and its expected course of actions. The assumptions disclosed herein are those that Management of White Oak Manor, Inc. believes are significant to the projected combined financial statements. Furthermore, even if the Hypothetical Assumptions were to occur, there will usually be differences between projected and actual results because events and circumstances frequently do not occur as expected, and those differences may be material. Management does not intend to revise this Projection to reflect changes in present circumstances or the occurrence of unanticipated events.

Unless otherwise noted, references to time periods used in this report refer to the fiscal year of White Oak Manor – Tryon, Inc., White Oak Manor – Burlington, Inc., and White Oak Manor – Charlotte, Inc. which ends on September 30.

BACKGROUND AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Allowance for Current Expected Credit Losses

The Combined Subsidiaries provide an allowance for current expected credit losses using Management's judgment. Residents are not required to provide collateral for services rendered. Payment for services is required upon receipt of invoice or claim submitted. Accounts past due more than 45 days are individually analyzed for collectability.

Assets Limited as to Use – Operating Reserve

Assets limited as to use include assets required to be set aside by the Department of Insurance of the State of North Carolina as operating reserves. All assets limited as to use are held in cash and cash equivalents, equity investments, and debt securities.

Moveable Equipment

Moveable equipment is stated at cost. Routine maintenance, repairs, and renewals are charged to expenses. Expenditures that materially increase values, change capacities, or extend useful lives are capitalized. Depreciation is computed by the straight-line method over the estimated useful lives of the assets.

The fair value of moveable equipment is assumed to be unchanged during the Projection Period. The Combined Subsidiaries assume the following purchases of movable equipment during the Projection Period, based on historical experience.

All land and buildings are owned by White Oak Manor, Inc., a related party, and leased by the Combined Subsidiaries. Each of the Combined Subsidiaries has entered into individual lease agreements with White Oak Manor, Inc. The lease agreements are renewable on an annual basis and require monthly rent payments at the beginning of each month. Management has assumed the lease agreement are renewed, annually, during the Projection Period and lease expense is projected to be approximately \$1,111,200 for the Combined Subsidiaries at September 30, 2024 and has been inflated 4 percent annually throughout the Projection Period. Lease expense is included within General and Administrative expenses.

Revenue Recognition

Patient service revenue is reported at the amount that reflects the consideration to which the Combined Subsidiaries expect to be entitled in exchange for providing resident and patient care. These amounts are due from residents, patients, third-party payors (including health insurers and government programs), and others and includes variable consideration for retroactive revenue adjustments due to settlement of audits, reviews, and investigations. Revenue is recognized as performance obligations are satisfied.

Performance obligations are determined based on the nature of the services provided by the Combined Subsidiaries. Revenue for performance obligations satisfied over time is recognized based on actual charges incurred in relation to total expected (or actual) charges. The Combined Subsidiaries believe that this method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation. Generally, performance

Summary of Significant Projection Assumptions and Accounting Policies

BACKGROUND AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

obligations satisfied over time relate to residents and patients receiving skilled nursing, and assisted living services. The Combined Subsidiaries consider daily services provided to residents of the skilled nursing facility and monthly rental for housing services, as separate performance obligations and measures these on a monthly basis, or upon move-out within the month, whichever is shorter.

For nursing home and assisted living residents, the Combined Subsidiaries measure the performance obligation from admission into the facility, to the point when it is no longer required to provide services to that resident, which is generally at the time of discharge

The Combined Subsidiaries determine the transaction price based on standard charges for goods and services provided, reduced by contractual adjustments provided to third-party payors, discounts provided to uninsured patients in accordance with the Combined Subsidiaries' policy and/or implicit price concessions provided to residents. The Combined Subsidiaries determine its estimates of contractual adjustments based on contractual agreements, its policies, and historical experience. The Combined Subsidiaries determine its estimate of implicit price concessions based on the evaluation of individual patients. Agreements with third-party payors typically provide for payments at amounts less than established charges.

A summary of the payment arrangements with major third-party payors follows:

Medicaid – Standard Payments to Nursing Facilities

The Combined Subsidiaries have agreements with the states of South Carolina and North Carolina under the Medicaid program, and participates in the Medicare program. The Combined Subsidiaries have had a long-standing agreement with the state of South Carolina such that the Combined Subsidiaries provide care to Medicaid patients based upon fixed, prospectively determined rates.

Medicare - Prospective Payment System Payments to Skilled Nursing Facilities

The Combined Subsidiaries' licensed nursing facilities participate in the Medicare program. This federal program is administered by the Centers for Medicare and Medicaid Services (CMS). The nursing facilities are paid the Patient Driven Payment Model (PDPM). The PDPM payment system operates similar to Medicare's previous prospective payment system (PPS) in that patients are assigned standard rates of payment for their specific needs. Under PDPM, therapy minutes are removed as the primary basis for payment and instead, uses the underlying complexity and clinical needs of a patient as a basis for reimbursement. In addition, PDPM introduces variable adjustment factors that change reimbursement rates during the resident's length of stay. Therapy services to residents not in a covered Part A stay remain the same. Annual cost reports are required to be submitted to the designated Medicare Administrative Contractor; however, they do not contain a cost settlement.

Nursing facilities licensed for participation in the Medicare and Medical Assistance programs are subject to annual licensure renewal. If it is determined that a nursing facility is not in substantial compliance with the requirements of participation, CMS may impose sanctions and penalties during the period of noncompliance. Such a payment ban would have a negative impact on the revenues of the licensed nursing facility.

<u>Other</u>

Payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations provide for payment using prospectively determined daily rates.

Laws and regulations concerning government programs, including Medicare and Medicaid, are complex and subject to varying interpretation. As a result of investigations by governmental agencies, various

Summary of Significant Projection Assumptions and Accounting Policies

BACKGROUND AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

health care organizations have received requests for information and notices regarding alleged noncompliance with those laws and regulations, which, in some instances, have resulted in organizations entering into significant settlement agreements. Compliance with such laws and regulations may also be subject to future government review and interpretation as well as significant regulatory action, including fines, penalties, and potential exclusion from the related programs. There can be no assurance that regulatory authorities will not challenge the Combined Subsidiaries' compliance with these laws and regulations, and it is not possible to determine the impact (if any) such claims or penalties would have upon the Combined Subsidiaries. In addition, the contracts the Combined Subsidiaries have with commercial payors also provide for retroactive audit and review of claims.

Settlements with third-party payors for retroactive adjustments due to audits, reviews or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing patient care. These settlements are estimated based on the terms of the payment agreement with the payor, correspondence from the payor and the Combined Subsidiaries' historical settlement activity, including an assessment to ensure that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the retroactive adjustment is subsequently resolved. Estimated settlements are adjusted in future periods as adjustments become known (that is, new information becomes available), or as years are settled or are no longer subject to such audits, reviews, and investigations.

Generally, residents who are covered by third-party payors are responsible for related deductibles and coinsurance, which vary in amount. The Combined Subsidiaries estimate the transaction price for residents with deductibles and coinsurance based on historical experience and current market conditions. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual adjustments, discounts, and implicit price concessions. Subsequent changes to the estimate of the transaction price are generally recorded as adjustments to resident service revenue in the period of the change. Subsequent changes that are determined to be the result of an adverse change in the resident's ability to pay are recorded as bad debt expense.

The Combined Subsidiaries have determined that the nature, amount, timing and uncertainty of revenue and cash flows are affected by the following factors:

- Payors (for example, Medicare, Medicaid, managed care or other insurance, patient) have different reimbursement/payment methodologies
- Length of the patient's service/episode of care
- Method of reimbursement (fee for service or capitation)
- The Combined Subsidiaries' line of business that provided the service (for example, skilled nursing, assisted living, independent living, etc.)

The Combined Subsidiaries have provided for final settlements with the Medicare program and with Medicaid in the period the related services are rendered, and adjusts such estimates as final settlements are determined.

Fair Value of Financial Instruments

The carrying amount of cash and cash equivalents, assets limited as to use, accounts receivable, net, and other current and long-term liabilities approximates their respective fair values.

BACKGROUND AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income Taxes

The shareholders of the Combined Subsidiaries have elected under Subchapter S of the Internal Revenue Code to include the Combined Subsidiaries income in their own income for federal income tax purposes. Accordingly, no income tax provision or liabilities are reflected in the projected combined financial statements. Distributions, if projected, are made to shareholders in the form of dividends to fund the shareholders' tax liabilities resulting from inclusion of the Combined Subsidiaries income in their own income for income tax purposes.

Leases

The Combined Subsidiaries determines if an arrangement is a lease at inception. Operating leases are included in right-of-use (ROU) assets – operating and lease liability – operating, and finance leases are included in right-of-use (ROU) assets –financing and lease liability – financing in the statements of financial position.

ROU assets represent the Combined Subsidiaries right to use an underlying asset for the lease term and lease liabilities represent the Combined Subsidiaries obligation to make lease payments arising from the lease. ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. Lease terms may include options to extend or terminate the lease when it is reasonably certain that the Combined Subsidiaries will exercise that option. Lease expense for operating lease payments is recognized on a straight-line basis over the lease term. The Combined Subsidiaries has elected to recognize payments for short-term leases with a lease term of 12 months or less as expense as incurred and these leases are not included as lease liabilities or right of use assets on the statements of financial position.

MANAGEMENT'S BASIS FOR PROJECTION OF REVENUES

Unless otherwise noted, assumptions are the same for all three Combined Subsidiaries.

The interest portion of management fees is allocated based on the percentage of the Combined Subsidiaries' beds and units to the total beds and units for all subsidiaries of White Oak Manor, Inc. Total management fees are projected to be approximately \$2,373,000 for the Combined Subsidiaries at September 30, 2024 and have been inflated 4 percent annually throughout the Projection Period. Management fees are included within General and Administrative expenses.

MANAGEMENT'S BASIS FOR PROJECTION OF OTHER ITEMS

Operating Reserve

Under the rules and regulations of the Department of Insurance of North Carolina, which regulates continuing care facilities operating in the state, the Combined Subsidiaries are required to maintain operating reserves of 25 percent or 50 percent depending on the occupancy percentage, of the total occupancy costs of the independent living units (i.e., total expenses less depreciation, amortization, and interest expense) plus an allocated portion of the skilled nursing facilities expenses based on a ratio of skilled nursing patient days provided to independent living patients for the twelve-month period related to the calculation. Such operating reserve may only be released upon approval of the North Carolina Commissioner of Insurance. The operating reserve has been calculated based upon projected operating expenses and assuming an occupancy level of greater than 90 percent for White Oak Manor Tryon, Inc., White Oak Manor – Burlington, Inc. and White Oak Manor – Charlotte, Inc.

The operating reserves for the Combined Subsidiaries are projected as follows:

The Retention Schedule is as follows:

However, should this Agreement terminate as provided in Paragraphs 1(c), (d), or (e) above, Resident or his legal representative, as the case may be, shall be entitled to such refund as the Resident may be due according to the Retention Schedule described above.
