What is SHIIP?
Seniors’ Health Insurance Information Program (SHIIP) is a consumer information division of the North Carolina Department of Insurance that assists people with Medicare, Medicare Part D, Medicare supplements, Medicare Advantage, and long-term care insurance questions. We also help citizens recognize and prevent Medicare billing errors and possible fraud and abuse through our NC Senior Medicare Patrol (NCSMP) Program.

How does SHIIP work?
SHIIP provides education and assistance to North Carolinians in three ways:
• by operating a nationwide toll-free consumer information phone line Monday through Friday from 8 a.m. until 5 p.m.
• by training volunteers to counsel Medicare beneficiaries within their community about Medicare, Medicare Part D, Medicare supplements, Medicare Advantage and long-term care insurance, and
• by providing Medicare Supplement Premium Comparisons for consumers.

When was SHIIP established?
The program was founded in 1986 by the Department of Insurance in direct response to the growing concerns about health insurance for the more than one million Medicare beneficiaries in North Carolina. Numerous insurance companies sell Medicare supplements, Medicare Advantage, long-term care insurance and other medical insurance products to people in North Carolina. Because there are so many companies, and because the Medicare system is so complex, SHIIP was founded to provide people who are eligible for Medicare with an objective information service.

How do North Carolinians contact SHIIP?
You can contact SHIIP by dialing the nationwide toll-free consumer number, 855-408-1212, visiting the SHIIP Web site, www.ncshiip.com, or e-mailing ncshiip@ncdoi.gov. Trained SHIIP Volunteer Counselors are available in all 100 counties of North Carolina and are coordinated through an existing human service agency such as the Council on Aging, senior centers or the Cooperative Extension offices. If your problem is too complex to handle over the phone, you will need to contact your local SHIIP Coordinator for a one-on-one appointment with a SHIIP Volunteer Counselor or contact the Raleigh SHIIP office at the toll-free number shown below.

Can I get more information about SHIIP?
Yes! Contact SHIIP nationwide at 855-408-1212 or (919) 807-6900, visit www.ncshiip.com or e-mail ncshiip@ncdoi.gov for further information and ask for more details on the Seniors’ Health Insurance Information Program and how it can help you.

SHIIP counselors are not licensed insurance agents, and they do not sell, endorse, or oppose any product, plan, or company. If you have questions about your specific plan, we encourage you to contact your insurance agent or the insurance company.
The NCSMP is housed within the SHIIP Division at the North Carolina Department of Insurance. NCSMP is a preventive educational program whose goal is to reduce Medicare error, fraud and abuse through statewide coordinated educational efforts, partnerships and outreach activities.

NCSMP’s purpose is to educate Medicare beneficiaries and caregivers about Medicare benefits in order to understand Medicare Statements such as Medicare Summary Notices (MSN), Medicare Part D Prescription Drug Plans (PDP) Explanation of Benefits (EOB) and other related health care statements. Through this knowledge, a person can identify, resolve and/or report possible billing errors, fraud, abuse and waste to NCSMP.

Did you know that:

• 68 billion dollars of taxpayers’ money is lost annually to billing discrepancies, fraud, abuse and waste in the Medicare program?
• “fraud and abuse” in the Medicare program often times are actual billing errors or discrepancies?
• the process of reporting suspected fraud abuse and waste is to contact the provider to seek resolution; to contact their Medicare carriers and insurance companies and to file an appeal by following the appeal instructions found on the back of the Medicare Summary Notices? And if your situation is not resolved satisfactorily, you should contact the NCSMP Program at the nationwide toll-free number, 855-408-1212.

Remember:
• review your Medicare statements (MSN’s, EOB’s and/or PDP EOB’s)
• protect your Medicare number
• do not be influenced by advertising for services, medications or products that sound “too good to be true”
• educate yourself about your Medicare benefits
• rarely are Medicare services “free”
• Medicare does not solicit door-to-door

You CAN make a difference.

Your Medicare Coverage Choices at a Glance

When you become eligible for Medicare, you will be able to choose between:
1. Parts A & B (Original Medicare), Part D (Prescription Drug Benefit), and potentially Medicare Supplement Insurance
2. Part C (Medicare Advantage Plan)

When comparing coverage, it’s important to look at the two core options first: Original Medicare and Medicare Advantage. Medicare Advantage plans come in many types (the most common are HMOs and PPOs). They must cover the same benefits as Parts A & B of Original Medicare and often include prescription drug coverage. You must have Parts A & B to enroll into a Medicare Advantage Plan.

It’s also important to consider the potential to add a Medicare Supplement (or Medigap) policy to your Original Medicare to help cover all or some of the costs of Parts A & B. Remember, you cannot have both a Medicare Supplement policy and a Medicare Advantage Plan. If you need help comparing Original Medicare and Medicare Advantage Plans, use these steps to help you decide.

Original Medicare (Parts A & B)

- Part A Hospital Insurance
- Part B Medical Insurance

Do you need to add supplemental coverage?

Medicare Supplement Insurance
(also called Medigap plans)

Medicare Advantage Plan (Part C)

Combines Hospital & Medical
(Managed Care plans offered by private insurance companies)

Available with or without Prescription Coverage.

Do you need to add drug coverage?

Part D Prescription Drug Coverage
(PDP Plan)

| PREVENTIVE BENEFITS                           | Preventive services & screenings                                   | 100% of approved amount                      | Nothing  

| HOME HEALTH CARE (also see Part A)            | Medically necessary skilled care, home health aide services, medical supplies, etc. after a 3-day inpatient hospital stay beginning with visit 101 or beginning day one if there is no previous hospital stay. | 100% part-time or intermittent nursing care and other services for as long as you meet criteria for benefits. | 100% of approved amount  

|                                               | Preventive services & screenings                                   | 80% of approved amount for Durable Medical Equipment | $233 deductible  

| OUTPATIENT HOSPITAL TREATMENT                 | Unlimited if medically necessary                                   | 80% of approved amount (after $233 deductible) | $233 deductible  

|                                               | Blood                                                                | 80% of approved amount (after $233 deductible and starting with the 4th pint) | $233 deductible  

The monthly Part B premium for 2022 is $170.10 (Premiums will be higher for individuals with annual incomes of $91,000 or more and married couples with annual incomes of $182,000 or more.)

5 These figures are for 2022 and are subject to change each year.
6 Once you have paid $233 for covered services, the Part B deductible does not apply to any other covered service(s) you receive for the rest of the calendar year.
7 The amount by which a physician’s charge can exceed the Medicare approved amount is limited by law.
8 To the extent the blood deductible is met under one part of Medicare during the calendar year, it does not have to be met under the other part.

1 Plans F and G also have a high deductible option which require first paying a plan deductible of [ $2,490] before the plan begins to pay. Once the plan deductible is met, the plan pays 100% of covered services for the rest of the calendar year. High deductible plan G does not cover the Medicare Part B deductible. However, high deductible plans F and G count your payment of the Medicare Part B deductible toward meeting the plan deductible.

2 Plans K and L pay 100% of covered services for the rest of the calendar year once you meet the out-of-pocket yearly limit.

3 Plan N pays 100% of the Part B coinsurance, except for a co-payment of up to $20 for some office visits and up to a $50 co-payment for emergency room visits that do not result in an inpatient admission.

Online Medicare Supplement Premium Comparison Database

SHIIP’s interactive Web site tool allows individuals to compare Medicare supplement plans at the touch of their fingers. To the right you will see a snapshot of how the page appears. By simply entering your age, gender, the Medicare supplement plan you want to compare and whether or not you use tobacco products, the computer will generate a list of the companies offering that plan along with their estimated premiums. By clicking on the company name, you will be directed to other important aspects of the product. This site has the most up to date information of plans available in North Carolina. It is located at www.ncdoi.com/medisupp/search_new.asp.
Medicare Part C: Medicare Advantage Plans

Medicare Advantage Plans are health care options provided under Medicare Part C of the Medicare program. These plans are approved by Medicare but sold and serviced by private companies. There are several plan options available under Medicare Advantage such as managed care plans that involve a provider network (HMOs and PPOs) to those that are specially designed for people with certain chronic diseases and other specialized health needs (SNPs) and some that may or may not have a provider network (PFFS) requirement. Most Medicare Advantage plans include Medicare prescription drug coverage.

To enroll in any Medicare Advantage plan option you must have both Medicare Part A and Medicare Part B. Once you enroll into a Medicare Advantage plan, you will not use your Original Medicare (red, white and blue) card as your Medicare Advantage plan will replace Original Medicare. Instead the Medicare Advantage plan will provide you with a member ID card to use when visiting your medical provider. Please note, you will continue to pay the Medicare Part B premium, and you might also have to pay an additional monthly premium charged by the Medicare Advantage plan.

It is important to remember to check with your healthcare providers before making any change to your Medicare coverage to make sure they will accept the Medicare Advantage plan you are considering.

Medicare Part D: Prescription Drug Plans Benefit

The Medicare Prescription Drug Plans, also called PDPs, are provided by private companies that sell plans approved by Medicare. You can identify an approved plan by the MedicareRx logo. All people who are new to Medicare have a seven month window to enroll in a Medicare Part D drug plan – three months before, the month of, and three months after their Medicare becomes effective. Remember, the month you enroll will affect the month your PDP is effective.

All people with Medicare are eligible to enroll in a PDP, regardless of income or assets; however, unless they are new to Medicare or are entitled to a Special Enrollment Period, they must enroll during the Open Enrollment Period (OEP) which is October 15 through December 7 each year. For assistance in understanding and enrolling in a Medicare PDP, you may visit the Medicare Web site at www.medicare.gov or contact SHIIP at 855-408-1212.

NOTE: If you do not enroll in a Medicare PDP when you first become eligible, and you do not have creditable drug coverage in place, in most cases you will pay a penalty for life when you do enroll in a PDP during the OEP.

The Extra Help Program is available for people with Medicare who have limited incomes and resources. If you qualify, you can receive assistance with premiums, deductibles and co-payments for your prescriptions. You can visit your local Social Security office, call Social Security toll free at 1-800-772-1213, visit www.socialsecurity.gov, or request an Extra Help application by contacting SHIIP. People who qualify for any level of Medicaid automatically qualify for Low Income Subsidy (LIS) and do not need to apply.
