Facilities that have met pre-sales or occupancy requirements as outlined in NCGS 58-64-35(a)(2)a, are not required To escrow Entrance Fees, unless otherwise required by the Commissioner of Insurance. Trinity Oaks has met these particular requirements and is no longer escrowing Entrance Fees.

Trinity Oaks may from time to time, at its sole discretion and upon sixty (60) days prior written notice to Resident, increase or decrease the Monthly Maintenance Fee to cover the cost of maintaining the services and to maintain the financial integrity of Trinity Oaks, including maintaining adequate reserve funds. Residents can generally anticipate an annual increase in monthly maintenance fees of 4-6% based on inflation, health care inflation, market conditions, insurance increases, rising expenses, etc. It is agreed that monthly payments for residency and care shall continue during any temporary absence from Trinity Oaks. However, if Resident is voluntarily absent from Trinity Oaks for seven (7) or more consecutive days, a daily meal credit in an amount to be published from time to time by Trinity Oaks will apply from the first day of absence, provided that Resident has given Trinity Oaks prior written notice of such absence. Fees for additional and optional services may be increased or decreased at Trinity Oaks’ discretion without such notice.

(c) Nursing Home Fees and Charges

Trinity Oaks will obtain and publish, from time to time, daily rates from Trinity Oaks health and rehab, for assisted living, and nursing care services provided by the Nursing Center.

If a Resident is admitted to Trinity Oaks health and rehab (or any other nursing center if space is not first available at Trinity Oaks health and rehab), the Resident will continue to pay the Monthly Maintenance Fee for his/her Independent or Assisted Living Unit. All Residents at Trinity Oaks health and rehab are responsible for their pharmacy copayments.

If a transfer to the Trinity Oaks health and rehab is determined likely to be permanent in accordance with Section 7(b) of this document, then the Resident will continue payment of the Monthly Maintenance Fee up to the point that the Apartment or Cottage is vacated including the return of the keys to the residence, entrance door cards, personal pendant(s), and garage door opener, if applicable. However, in such an event, a reduction in the Monthly Maintenance Fee will be made in an amount determined by Trinity Oaks to eliminate, where possible, the duplication of services and charges to the Resident.

(d) Additional Charges. Resident also agrees to pay on demand any and all additional amounts which may become due under the Residency Agreement, and any and all charges for additional or optional services provided to the Resident. (See Section 11, Personal Belongings.)

(e) Monthly Statements. Trinity Oaks will furnish the Resident with a monthly statement showing the total amount of the Monthly Maintenance Fee and all other charges owed by the Resident. Fees and other charges will be due and payable by the tenth (10th) day of each month. Late payments will be assessed a penalty of twenty-five dollars (\$25).

(f) Inability to Pay. Resident agrees that in the event he/she shall become unable to pay the Monthly Maintenance Fee, or any part thereof, Trinity Oaks may, at its sole discretion, credit such fees or charges against any amounts which Trinity Oaks would be required to reimburse to Resident under the provisions of Section 8 of this document. Trinity Oaks is a charitable, not-for-profit organization with a desire not to terminate the residency of Resident solely by reason of financial inability of Resident to pay the total Monthly Maintenance Fee described herein or any other fees or charges assessed under the Residency Agreement, even though Resident's right to reimbursement of any portion of the Entrance Fee has been extinguished by reason of the credits referred to above, so long as the following conditions have been met: (i) in the sole discretion of Trinity Oaks, the ability of Trinity Oaks to operate on a sound financial basis is not impaired; and (ii) after entering into the Residency Agreement, Resident shall not have impaired his/her ability to meet financial obligations to Trinity Oaks; and (iii) Resident has applied for and submitted documented justification for special financial consideration.

(g) Terms of Residence

- (1) Permitted Occupants. The Resident(s) and no other person(s) shall reside in or occupy the Living Unit during the term of the Residency Agreement, except with the express prior written approval of Trinity Oaks. If a second occupant, including a resident marrying a new spouse, who is not party to the Residency Agreement is accepted for residency after the date of the Residency Agreement, such acceptance shall be subject to completion of application materials, approval by the Admissions Committee, and admissions policies then governing all other admissions. Trinity Oaks may charge a new occupant an Entrance Fee of up to two-thirds (2/3) of the then current Entrance Fee for the residence to be occupied at its sole discretion. If such second occupant does not meet the requirements for residency, or if such second occupant does not execute a Residency Agreement, such second occupant shall not be permitted to occupy the Living Unit. Trinity Oaks' decision as to such second occupant's residency shall be at Trinity Oaks' sole discretion. Resident may terminate the Residency Agreement as provided therein. If two residents marry and decide to live in one of the two current Living Units, they would pay the two-person Monthly Maintenance Fee for the Living Unit. The surrendered Living Unit's refund would be paid according to the refund policy in 8(a) under Entrance Fees. If both Residents surrender their Living Units and move to a different Living Unit, an additional Entrance Fee may or may not be required as defined in the Transfers Section 8(g)(2). This will be determined based on the size of the Living Unit they are moving into and the size of the Living Units they are vacating. A revised contract will be signed by the couple, outlining the terms of any refund.
- (2) Transfers. Should a Resident desire to transfer to another Apartment or Cottage he/she must notify the Executive Director in writing. Following receipt of this request, Resident shall be granted an option to move to the next available Apartment or Cottage of the size requested, subject to the Executive Director satisfying prior, similar requests of other Residents, and subject to the rights other Residents may have in their Residency Agreements.

If the Entrance Fee for the new apartment or cottage is higher than the Entrance Fee paid by the Resident for their original accommodation, the Resident will pay the difference between then-current Entrance Fee for the smaller accommodation from which the Resident is moving and the then-current Entrance Fee for the larger accommodation into which the Resident is moving. The Resident will be responsible for paying the difference in these two Entrance Fees prior to occupancy. When the contract is terminated, the amount of the refund, if any, will be based on the total Entrance Fee paid.

The Resident acknowledges and agrees that any such difference required to be paid toward the Entrance Fee will be deemed to be included in the original Entrance Fee as of the Effective Date and will be subject to the terms and conditions of this Agreement regarding refunds in the same manner as any portion of the original Entrance Fee paid by the Resident.

If the Resident elects to move to a smaller residence, the Resident will not be entitled to any refund of the Entrance Fee as a result of the move. When the contract is terminated, the amount of the refund, if any, will be based on the total Entrance Fee paid.

With all transfers, the Monthly Maintenance Fee for the month in which the move takes place shall be prorated to reflect the percentage of the month that the Resident spends in each type of residence. When transferring, the Resident shall pay the then current Monthly Maintenance Fee. With all transfers, there will be an up-fitting charge of up to \$5,000, for the vacated residence. Resident will move all furnishings and belongings to the new residence within 30 days of the established occupancy date for the new residence. Any moving expense and service connections for phone will be the responsibility of the Resident.

- (3) Death or Transfer of One Resident. If one of multiple Residents occupying a Living Unit dies, moves out or is permanently transferred to Trinity Oaks health and rehab, or any other nursing center, the remaining Resident(s) may elect to continue to occupy that Living Unit at the applicable occupancy rate then in effect.
- (4) Procedure. In the event it is determined that the Resident requires a permanent transfer or change in the level of care and accommodations at Trinity Oaks, the Resident hereby agrees to make such a change. Such determination of a change will be made by and based on the professional opinion of the resident's personal physician, the Director of Community Relations, the Executive Director and if needed, other health care support staff of Trinity Oaks. Such a decision to transfer the Resident will be made only after consultation to the extent possible with the Resident, the representatives of the Resident's family or sponsor, and the Resident's physician.
- (5) Transfer Outside Trinity Oaks. If it is determined by the Director of Community Relations, the Executive Director and if needed, other health care support staff that the Resident needs care beyond the scope of the facility and personnel of Trinity Oaks, the Resident will be transferred to a qualified hospital, nursing center or institution equipped to give such care, at the expense of the Resident. Such transfer of the Resident will be made only after consultation to the extent possible with the Resident, a

representative of the Resident's family or sponsor, and the Resident's physician.

- (6) Medical/Mental Condition. Trinity Oaks is not designed or licensed to care for persons who have certain medical or mental conditions or suffer from certain contagious or dangerous diseases. If it is determined by the Director of Community Relations, the Executive Director and if needed, other health care support staff, using standard legal/medical and acceptable evaluation procedures, that a Resident suffers from a medical or mental condition, so that a Resident's continuing presence at Trinity Oaks is detrimental to the health or safety of the Resident or other Residents, then the Resident may be transferred to an institution capable of administering such care and his/her Apartment or Cottage shall be assigned to others, subject to the rights of any remaining second Apartment or Cottage Resident. In such situations, the expenses of such institution will be the responsibility of the Resident. The final determination will be at the discretion of the Executive Director. (Also see Section 11, Personal Belongings.)
- (7) Release/Readmission. If a determination is made by the Director of Community Relations, the Executive Director and if needed, other health care support staff, that any such transfer or change described in this Section will likely be permanent in nature, the Resident hereby agrees to release his/her rights and use of the Apartment or Cottage, subject to the rights of any remaining second Apartment or Cottage Resident (according to the provisions of the Residency Agreement). If however, the Resident's physician, the Director of Community Relations, the Executive Director and if needed, other health care support staff, subsequently determine that the Resident can resume occupancy in accommodations equivalent to those previously occupied by the Resident, the Resident shall have priority to such accommodations as soon as they become available, with no additional Entrance Fee unless the Entrance Fee has been refunded under the provisions described in Section 8.

(h) Termination.

- (1) Statutory 30-Day Period. The Residency Agreement may be rescinded by Resident at any time within thirty (30) days following the later of the date of execution of the Residency Agreement or the receipt by Resident of the Disclosure Statement (the "Disclosure Statement") required by Article 64 of Chapter 58 of the North Carolina General Statutes. During this thirty (30) day period, Resident shall not be required to move into Trinity Oaks. If such rescission is made, any money or property paid or transferred to Trinity Oaks, except those periodic charges specified in the Residency

Agreement and applicable only to such period as the Living Unit was actually occupied by the Resident, shall be returned in full to the Resident or to the party who made the payment or payments on behalf of the Resident, except for a non-refundable processing fee of 2% of the Apartment or Cottage Entry Fee and any nonstandard costs (including custom selections and upgrades) specifically incurred by Trinity Oaks at the request of the Resident and described in the Residency Agreement or an amendment to it signed by the resident. Thereafter neither party shall have any further obligation or duty to the other. Reimbursement due the Resident will be made within 90 days of written notification of rescission by Resident.

- (2) Death or Illness Before Occupancy. If Resident dies before occupying a Living Unit or if, on account of illness, injury or incapacity, Resident is precluded from occupying a Living Unit under the terms of the Residency Agreement, the Residency Agreement is automatically canceled and Resident or his legal representative shall receive a refund of all money or property paid or transferred to Trinity Oaks, less (i) those nonstandard costs (including Major Options, custom selections and upgrades, and requested change orders for a Cottage), specifically incurred by Trinity Oaks at the request of the Resident and described in the Residency Agreement or an amendment to it signed by the Resident and (ii) the non-refundable processing fee of \$1,000 of the basic Cottage or Apartment Entrance Fee. All other refunds due the Resident will be made within 90 days of written notification by resident or his/her legal representative.
- (3) Termination by Resident After Statutory 30-Day Period. After the expiration of the statutory thirty (30) days beginning with the first full calendar day following the execution of the Residency Agreement, and before Resident has begun occupancy in Trinity Oaks, Resident may terminate the Residency Agreement for reasons other than (i) death, or (ii) illness, injury or other incapacity which would make it appropriate for Trinity Oaks to accept the Resident's occupancy in the Living Unit. Resident will receive a refund of all money or property paid or transferred to Trinity Oaks, less those nonstandard costs (custom selections and upgrades), specifically incurred by Trinity Oaks at the request of the Resident and described in the Residency Agreement or an amendment to it signed by the Resident and the non-refundable processing fee equal to two percent (2%) of the basic Cottage or Apartment Entrance Fee. All other refunds due the Resident will be made within 90 days of notification by Resident or his/her legal representative.
- (4) Termination by Resident After Occupancy. After occupancy, subject to the provisions of Section 8 hereof, Resident may terminate this Residency Agreement by giving written notice to Trinity Oaks no less than ninety (90) days before Resident intends to move out of Trinity Oaks. Resident is

responsible to pay Monthly Maintenance Fees during the 90-day period, or until the Living Unit is vacated, whichever occurs last.

- (5) Termination by Trinity Oaks. Trinity Oaks may, subject to the provisions of Section 8 hereof, upon notice and opportunity to cure as stated in this document, revoke Resident's right to reside at Trinity Oaks and terminate the Residency Agreement upon the occurrence of any default by the Resident in meeting the covenants, warranties, representations, and terms of Residency provided for in this Disclosure Statement. Trinity Oaks may also terminate this Agreement at any time for any good cause. Good cause shall be limited to:

1. Proof that you are a danger to yourself or others;
2. Nonpayment by you of any fee due to the Community;
3. Repeated conduct by you that interferes with other residents' quiet enjoyment of the Community;
4. Persistent refusal by you to comply with the reasonable written rules and regulations of the Community;
5. Material misrepresentation made intentionally or recklessly by you in your application for residency, or related materials regarding information which, if accurately provided, would have resulted in either a failure of you to qualify for residency or a material increase in the cost of providing to you the care and services provided under this Agreement, including with respect to those items referred to in Section 6.
6. Material breach by you of this Agreement.

However, we shall not terminate the Agreement as provided herein until we give you written notice of, and a reasonable opportunity to cure within a reasonable period, the conduct warranting the cancellation of this Agreement.

- (6) Notice and Right to Cure. Once Resident has occupied the Living Unit, Trinity Oaks shall give Resident notice in writing of any default by Resident which may not involve the payment of money and Resident shall have thirty (30) days thereafter within which to correct such default. If Resident corrects such default within such time, the Residency Agreement shall not then be terminated. If Resident fails to correct such default within such time, Trinity Oaks may, at its sole option, terminate the Residency Agreement at the expiration of the thirty (30) day period.
- (7) Death of Resident After Occupancy. In the event of the death of Resident after occupancy, the Residency Agreement shall be subject to termination as follows:

- (i) If there is only one Resident occupying the Living Unit, the Residency Agreement shall be automatically terminated as of the date of death of such Resident or the date thereafter upon which all of Resident's property is removed from the Living Unit, all keys, pendant, entrance slide and garage door opener (if applicable) have been turned in to the Director of Resident Services. The Monthly Maintenance Fee shall automatically be terminated at this point. Resident's Estate is responsible for any payment due Trinity Oaks. Resident's Entrance Fee is subject to refund as provided in Section 8.
- (ii) If there is more than one Resident occupying the Living Unit, the second person shall have the option of continuing to reside in the Living Unit at the single person rate. If the second Resident elects to terminate the original Residency Agreement, Trinity Oaks must receive a written notice of such election within sixty (60) days after the date of the first Resident's death. The Monthly Maintenance Fee shall continue until the removal of all Resident's property, all keys, pendant, entrance slide and garage door opener (if applicable) are turned in to the Director of Resident Services. The surviving Resident's Entrance Fee is subject to refund as provided in Section 8.

(i) Reimbursement of Entrance Fee.

- (1) Amount. If, after Resident has commenced occupancy, Resident or Trinity Oaks terminates the Residency Agreement, or in the event of the death of the Resident, Resident (or Resident's estate) will be reimbursed as follows:

Independent Apartment and Cottage Residents - 90% Refund Plan: The Entrance Fee is refundable at a minimum of ninety percent (90%). The Entrance Fee is reduced by a one percent (1.0%) at the time of initial occupancy and by one half of one percent (0.5%) per month for the first eighteen (18) months of occupancy after which an ninety percent (90%) refund will be paid to the Resident or the Resident's estate if the Living Unit is vacated. The balance of any Entrance Fees to be reimbursed after termination of the Residency Agreement will be paid by Trinity Oaks after the Living Unit is vacated and the re-occupancy of the Apartment or Cottage.

Independent Apartment and Cottage Residents - 50% Refund Plan: The Entrance Fee is refundable at a minimum of fifty percent (50%). The Entrance Fee is reduced by a two percent (2.0%) at the time of initial occupancy and by one percent (1.0%) per month for the first forty-eight (48) months of occupancy after which a fifty percent (50%) refund will be paid to the Resident or the Resident's estate if the Living Unit is vacated. The

balance of any Entrance Fees to be reimbursed after termination of the Residency Agreement will be paid by Trinity Oaks after the Living Unit is vacated and the re-occupancy of the Apartment or Cottage.

Independent Apartment and Cottage Residents - Limited Refund Plan: The Entrance Fee is reduced by a four percent (4%) service fee at the time of occupancy and by two percent (2%) per month for the first forty-eight (48) months of occupancy. The Entrance Fee is non-refundable after forty-eight (48) months. The balance of any Entrance Fees to be reimbursed after termination of the Residency Agreement will be paid by Trinity Oaks after the Living Unit is vacated and the re-occupancy of the Apartment or Cottage.

In addition, Trinity Oaks will retain as reimbursement for previously incurred expenses on behalf of the Resident, a sum equal to:

- (i) The amount of medical expenses incurred by Trinity Oaks for Resident's care during the term of his/her residency, unpaid by Resident at date of termination;
 - (ii) The amount of any Monthly Maintenance Fee or other sums owed by Resident to Trinity Oaks under the Residency Agreement;
 - (iii) The amount of any Monthly Maintenance Fee, the collection of which may have been deferred by Trinity Oaks on behalf of Resident under Section 8(f) hereof; and
 - (iv) The cost of any extraordinary repairs or refurbishing with respect to the Living Unit, including entry and doors, or any alterations required to restore the Living Unit to standard design or condition.
- (2) Time of Payment. Subject to clauses of Section 8, the balance of the Entrance Fee to be reimbursed to the Resident after termination of the Residency Agreement (or to the Resident's estate upon death) will be paid by Trinity Oaks after the Living Unit is vacated and reoccupied.
 - (3) Multiple Residents. It is understood that when two or more persons are named in the Residency Agreement, reimbursement of the refundable portion of the Entrance Fee will be made only after the termination of the Residency Agreement in accordance with Section 8.
 - (4) Accounting. An accounting shall be provided to Resident or Resident's legal representative upon reimbursement of the Entrance Fee, as provided in this document.

9. Required Health Insurance Coverage. Resident shall maintain Medicare Part A, Medicare Part B and one supplemental health insurance policy or maintain equivalent insurance coverage comparable to Medicare and approved by the Executive Director to assure Resident's ability to cover such health care related costs, and shall furnish to Trinity Oaks evidence of such coverage as it may from time to time request. In the event Resident is not eligible or does not qualify for Medicare Part A or Part B, Resident shall maintain other health insurance approved by Trinity Oaks. If insurance coverage is provided through a managed health care policy, terms of the policy may dictate where the Resident may receive health care services. If insurance coverage is not maintained, or if Resident refuses medical treatment, which, in the opinion of Resident's attending physician or the Medical Director is medically required for the health of the Resident or the health or safety of other Residents of Trinity Oaks, the Executive Director may terminate Resident's right to reside at Trinity Oaks and terminate the Residency Agreement as provided in Section 8.
10. Funeral Expenses. Trinity Oaks will not be liable for the cost of the burial of the Resident. The costs of burial and related services shall be paid for by the Resident's estate, the Resident's relatives, or other agent designated by the Resident.
11. Personal Belongings. Jewelry and personal possessions or effects brought into Trinity Oaks by the Resident will remain the property of the Resident. Trinity Oaks will not be responsible for the loss or theft thereof. Resident shall, prior to occupancy of the Apartment or Cottage, make provisions in a last will and testament for the final disposition of his/her furniture and possessions located at Trinity Oaks, for burial and payment of funeral expenses and for the appointment of a personal representative; and shall deliver to the Director of Community Relations a copy of the pertinent provisions of Resident's Last Will and Testament at the time he/she commences occupancy. If removal of Resident's property is not accomplished within thirty (30) days after termination of residency, Trinity Oaks may remove and place in storage with a bonded moving or storage company, all of Resident's property and possessions, and Resident or Resident's estate, as the case may be, shall be charged for all costs associated with the storage. Trinity Oaks shall not be responsible for the loss of, or damage to, any property belonging to the Resident due to theft, mysterious disappearance, fire or any other cause. The Resident maintains the responsibility for obtaining desired insurance protection covering any liability.
12. Indebtedness to Trinity Oaks and LSC Affiliates. To the extent allowed by applicable law, Trinity Oaks and other LSC affiliates shall have a preferred claim against the estate of the Resident for any care furnished or for any funds which may be advanced for the residency or care of the Resident which may remain unpaid, and any personal property, or real estate which the Resident owns shall stand as security for and is hereby pledged to the payment of any unpaid claims due to Trinity Oaks and other LSC affiliates. To the extent allowed by applicable law, the Resident for himself/herself, his/her heirs and legal representatives, hereby waives any and all claims which the Resident might have to exemption and agrees that these personal assets shall be liable for any debts owed Trinity Oaks and other LSC affiliates by Resident.

13. Casualty Loss, Condemnation.

- (a) Total Destruction. If Resident's Apartment or Cottage at Trinity Oaks is totally destroyed or damaged by fire or other casualty not occurring through fault or negligence of Trinity Oaks or those employed by or acting for Trinity Oaks, that the same cannot be repaired and restored within a period of ninety (90) days, the Residency Agreement shall absolutely cease and terminate, and the Monthly Maintenance Fee shall abate for the balance of the term as of the date of the casualty. Trinity Oaks will maintain property insurance coverage to cover the building and contents losses sustained because of the necessary termination of operations from an insured peril.
- (b) Partial Destruction. If the damage caused as described in Section 13(a) above is only partial, so that the Resident's Apartment or Cottage can be reasonably restored within a period of ninety (90) days to its condition prior to the partial destruction, Trinity Oaks may, at its option, terminate the Residency Agreement, provide alternative temporary housing, or restore Trinity Oaks to such condition reserving the right to enter the Apartment or Cottage for that purpose. In any event, the Monthly Maintenance Fee shall be reduced during the time Trinity Oaks is in possession, taking into account the extent that the Apartment or Cottage is rendered untenable and the duration of Trinity Oaks' possession. Trinity Oaks will maintain business income and extra expense insurance coverage to cover losses sustained because of the necessary suspension of operations from an insured peril.
- (c) Condemnation. If Trinity Oaks is taken or condemned for a public or quasi-public use or a deed in lieu is given, in whole or in part, so that Trinity Oaks can no longer be operated reasonably in the opinion of Trinity Oaks' Board of Directors, the Residency Agreement shall terminate as the date title shall rest in the condemner, and the Monthly Maintenance Fee shall abate. In the event of condemnation, the Resident waives all claims against Trinity Oaks, and Resident agrees that he/she will not make or be entitled to any claim or recovery against the condemning authority.

14. Government Eligibilities. Should either Trinity Oaks or the Resident be eligible for federal, state or other funds on behalf of the Resident, nothing in the Residency Agreement shall be construed so as to make either party ineligible for such funds, and the Resident expressly waives any provision in the Residency Agreement which might now or hereafter be in conflict with any federal, state or other law or regulations, and agrees to apply for and cooperate in obtaining such benefits.

15. Liability of Trinity Oaks. The death of the Resident will cancel any and all obligations or liability of Trinity Oaks under the terms of the Residency Agreement.

16. Rights of Management. The absolute rights of management are reserved by Trinity Oaks. Trinity Oaks reserves the right to accept or reject any person for residency. The rights of

the Residents do not include any right to participate in the management of Trinity Oaks, to determine admissions or terms of admission of any other Resident, to alter common areas within Trinity Oaks, or to make unapproved alterations to their Apartment or Cottage.

17. Durable Power of Attorney. Resident agrees to execute under seal and maintain in effect a Durable Power of Attorney that is valid under North Carolina law and will survive Resident's incapacity or mental incompetence. This Durable Power of Attorney may be effective only upon certification by a licensed physician that Resident is incapacitated or mentally incompetent, and shall designate as Resident's attorney-in-fact a bank or some responsible person of his/her choice to act for him/her managing his/her financial affairs and in filing for insurance and/or other benefits under private and public assistance programs in as full and complete a manner as Resident could do if acting personally for himself/herself. Resident shall deliver a fully executed original of this Durable Power of Attorney to Trinity Oaks prior to occupancy of the Apartment or Cottage.
18. Binding Effect. The covenants and conditions of the Residency Agreement shall bind and benefit respectively Trinity Oaks and its successors and assigns, and Resident and his/her heirs, personal representatives, successors and assigns, except as otherwise specified in this document. The Residency Agreement, together with the rules and regulations provided for, shall constitute the full and entire agreement and understanding between the parties. There are no restrictions, promises, warranties, covenants or undertakings, other than those set forth or referred to in this document. The Residency Agreement, the Exhibits to the Residency Agreement, and other documents and agreements referred to herein supersede all prior agreements and undertakings between the parties and respect to this subject matter.
19. Interruptions. Trinity Oaks shall not be required to perform any condition, term or covenant in the Residency Agreement so long as such performance is delayed or prevented by force majeure, which shall mean acts of God, strikes, material or labor shortages or failures, lockouts, restrictions by any governmental authority, civil riot, floods and any other cause not reasonably within the control of Trinity Oaks and which by the exercise of ordinary care Trinity Oaks is unable, wholly or in part, to prevent or overcome.
20. Severability. If any clause or provision of the Residency Agreement should be illegal, invalid or unenforceable, the provisions shall be deemed to be severable and the remainder of the Residency Agreement shall not be affected. No amendment of the Residency Agreement will be valid and enforceable unless in writing and executed by the Executive Director and Resident except that management may amend the Residency Agreement from time to time so that the Residency Agreement complies with applicable laws, rules and regulations of the Federal, State or local government.
21. Governing Law. The Residency Agreement will be governed by and construed under the laws of the State of North Carolina.
22. Execution. The Residency Agreement has been executed on behalf of Trinity Oaks by its duly authorized agent. No officer, director, agent or employee of Trinity Oaks shall have any personal liability hereunder to Resident under any circumstances.

23. Waiver. No waiver of any term or condition of the Residency Agreement shall be effective unless made in writing and executed by the parties to the Residency Agreement. Nor shall any waivers be deemed to excuse the performance of any act other than those specifically referred to in the written notice of waiver. Any failure of Trinity Oaks to insist upon strict and/or prompt performance of the foregoing, or any other covenants, terms or conditions of the Residency Agreement and/or the acceptance of such performance thereafter will not constitute or be construed as a waiver or the relinquishment of Trinity Oaks' right to thereafter enforce the same strictly according to the tenor hereof in the event of a continuing or subsequent default on the part of the Resident.
24. Interpretation. The captions contained herein are for convenience and reference only and in no way define, limit, or describe the scope or intent of the Residency Agreement or affect any of the terms and provisions of this document. Any reference expressed in any gender shall be deemed to include each of the other genders, and the singular shall be deemed to include the plural and vice versa, unless the context otherwise requires.

27. Reserve Funding. Section 58-64-33 of the North Carolina General Statutes requires continuing care facilities to establish operating reserves equal to a percentage (based upon maintenance of occupancy levels) of total operating costs projected in forecasted financial statements for the following 12-month periods. The forecasted reserve for 2020, 2021, 2022, 2023 and 2024 is calculated as follows:

	(In thousands of Dollars)				
	2025	2026	2027	2028	2029
Projected Total Operating Expense	\$25,957	\$27,211	\$28,115	\$29,046	\$30,003

Projected Operating Expenses of Lutheran Home at Trinity Oaks and Lutheran Home at Trinity Oaks Property, Inc.	(14,601)	(15,070)	(15,519)	(15,983)	(16,458)
Adjusted Operating Expenses	\$8,900	\$9,132	\$9,407	\$9,689	\$9,979

Principal Payment - Trinity Oaks	230	240	253	266	278
Interest Payment - Trinity Oaks	130	120	109	97	86
Total Operating Costs	\$9,260	\$9,492	\$9,769	\$10,052	\$10,343

Operating Reserve - Lutheran Retirement Center - Salisbury, Inc.	\$2,315	\$2,373	\$2,442	\$2,513	\$2,586

- (a) The requirement to maintain operating reserves at this percentage of total forecasted expenses (less depreciation and amortization expenses and bond interest expense) is based on the maintenance of occupancy at less than 90% for the years 2016 and forward.

As indicated in the forecasted financial statements, the amount of the operating reserve for 2025 is \$2,315,000. The 2025 operating reserve is fully funded. To the extent the operating reserve requirement increases in future years the remaining amount needed to comply with the operating reserve requirement will be funded out of long-term investments and board designated funds, which are presently on hand. Operating reserve funds will be invested primarily in obligations of the United States Treasury, highly rated corporate bonds and money market accounts. Investments will be managed by an institutional investment trust established through a bank of investment firm.

28. Cottage Project

Trinity Oaks expanded its facilities with the addition of 42 independent living Cottages. Financing of the project was through the sale of North Carolina Bonds. The bonds were issued in March 1998. Variable interest rates on tax-exempt bonds were converted into a

fixed rate of 4.088% through the use of an interest rate swap agreement effective June 1, 2007 through maturity in 2028. In March 2017, the 1998 bond issue was refinanced with a 2017 bond issue. The refinancing allowed for a better interest rate and the removal of the letter of credit enhancement that was on the 1998 bond issue. The 2028 maturity and Swap Agreement still remain in place.

The Board of Directors shall direct, under the rules formulated by the Board, the fiscal policies of Trinity Oaks and the investment of its funds. Within the parameters of these policies, specific investment decisions may be authorized by any of the following offices and/or positions of Trinity Oaks:

Chair of the Board of Directors of Trinity Oaks
Vice Chair of the Board of Directors of Trinity Oaks
President of Trinity Oaks
Vice President of Trinity Oaks
Treasurer of Trinity Oaks

In 2004, Trinity Oaks added a resident and a community citizen to its Board.

WHEREAS, Resident desires to use and occupy the residence ("Apartment") or ("Cottage") located in Trinity Oaks and designated in this Agreement and Trinity Oaks desires to make the selected Apartment or Cottage available to Resident;

As conditions precedent to the execution of this Agreement, the Resident shall meet the following requirements to the satisfaction of Trinity Oaks, subject to such exceptions as the Board of Directors of Trinity Oaks may approve in writing:

Age: The Resident must be at least 60 years of age at the time he or she occupies an Apartment or Cottage at Trinity Oaks, with an exception in the case of one of two married Residents.

1. Residence, Related Services and Programs. Subject to the terms and conditions of this Agreement, Trinity Oaks shall make available to Resident an Apartment or Cottage, related services, programs and amenities at Trinity Oaks as described below:

- (m) Emergency Response System. Trinity Oaks will provide, on a twenty-four (24) hour basis, an emergency call system. Response to a call shall be limited to an evaluation of the needs of the Resident. If other medical response is determined necessary, the Resident is responsible for costs by such private physician or nurse and such other medical care provider as may be selected by the Resident, including emergency medical transportation. In the event that Resident is admitted to the Assisted Living Center or to Trinity Oaks health and rehab after such emergency response, the fees described in Section 6(c) shall apply.

Medical Response. Trinity Oaks provides security staff who have been trained in CPR and first aid to respond to a medical emergency. However, with the exception of initiating CPR in the case of a resident who requests to be a full code, medical care will not be provided. Staff will call 911 if immediate help is needed, or assist the resident in calling other appropriate medical professionals or family members. If there is any question about the resident's condition or safety, emergency services will be called.

- (n) Insurance. Trinity Oaks will maintain general liability insurance but will not be responsible for the personal property of Residents. Residents are encouraged to obtain insurance to cover such liabilities. See Section 1(g) regarding Resident's responsibility for damage to property owned or leased by Trinity Oaks.
- (o) Optional Services. A schedule of fees for services provided at extra cost including, but not limited to those optional services described above, shall be established by Trinity Oaks' Board of Directors and shall be made available to Resident no later than the date upon which Resident occupies the Apartment or Cottage.
- (p) Trash Removal. Apartment Residents shall dispose of trash in the areas designated on each Apartment floor. Cottage Residents' trash should be placed in approved containers to be collected at curbside.
- (q) Pets. Pets are permitted per residence upon completion of a Pet Agreement and payment of a \$300 non-refundable fee. The pet can be replaced in accordance with the Pet Policy.

Charges for services listed above in subparagraphs (a) through (p) are included within the Monthly Maintenance Fee described in the Residency Agreement, unless otherwise indicated for alternate plans.

2. Terms of Residence.

- (a) Nature and Extent of Rights. Resident's right to occupy the Apartment or Cottage for a term of years or for life shall exist unless terminated as provided for in Section 8 of the Residency Agreement. Nothing contained herein shall be construed or is intended to require that Trinity Oaks care for the Resident for life, nor shall this Agreement be construed as a life-care contract.
- (b) Terms of Occupancy. Signing of this Residency Agreement and payment of the Entrance Fee does not deliver title to real or personal property, and may not be assigned, transferred, inherited or devised. Any rights, privileges, benefits, or interests created by or under this

Agreement shall be subordinated to any mortgage, deed of trust, or other security interest created on any of the premises or interests in real estate of Trinity Oaks and to all amendments, modifications, replacements or refunding thereof. Resident agrees to execute and deliver any document required by Trinity Oaks or by the holder of any mortgage, deed of trust or other interest to evidence or effect such subordination.

- (c) Alteration or Modification. Notwithstanding any other provisions in this Agreement, Trinity Oaks may alter or modify the Apartment or Cottage to meet requirements of any statute, law or regulation of the Federal, State or local Government. Resident may not, without prior written consent of the Executive Director, make any alterations or modifications to the Apartment or Cottage.
- (d) Use. The Apartment or Cottage shall be used for residential purposes only and shall not be used for business or professional purposes, nor in any manner in violation of any zoning or health ordinances.
- (e) Permitted Occupants. The parties hereto recognize and agree that the amount of wear and tear evident in the Apartment or Cottage depends in part upon the number of persons regularly occupying the Apartment or Cottage. It is therefore agreed that the Resident(s) named herein and no other person(s) shall reside in or occupy the Apartment or Cottage during the term of this Agreement, except with the express prior written approval of the Executive Director. If a second occupant, including a resident marrying a new spouse, who is not a party to this Agreement is accepted for residency after the date of this Agreement, such acceptance shall be subject to the approval of the Admissions Committee and adherence to policies then governing all other admissions. If the second occupant does not meet the requirements for residency, or does not execute a Residency Agreement, he/she shall not be permitted to occupy the Apartment or Cottage. The Resident may terminate this Agreement as provided in Section 8. If two residents marry and decide to live in one of the two current Living Units, they would pay the two-person Monthly Maintenance Fee for the Living Unit. The surrendered Living Unit's refund would be paid according to the refund policy in 8(a) under Entrance Fees. If both Residents surrender their Living Units and move to a different Living Unit, an additional Entrance Fee may or may not be required as defined in the Transfers Section 8(g)(2). This will be determined based on the size of the Living Unit they are moving into and the size of the Living Units they are vacating. A revised contract will be signed by the couple, outlining the terms of any refund.
- (f) Transfers. Should a Resident desire to transfer to another Apartment or Cottage he/she must notify the Executive Director in writing. Following receipt of this request, Resident shall be granted an option to move to the next available Apartment or Cottage of the size requested, subject to the Executive Director satisfying prior, similar requests of other Residents, and subject to the rights other Residents may have in their Residency Agreements. If the Entrance Fee for the new apartment or cottage is higher than the Entrance Fee paid by the Resident for their original accommodation, the Resident will pay the difference between then-current Entrance Fee for the smaller accommodation from which the Resident is moving and the then-current Entrance Fee for the larger accommodation into which the Resident is moving. The Resident will be responsible for paying the difference in these two Entrance Fees prior to occupancy. When the contract is terminated, the amount of the refund, if any, will be based on the total Entrance Fee paid.

The Resident acknowledges and agrees that any such difference required to be paid towards the Entrance Fee will be deemed to be included in the original Entrance Fee as of the

Effective Date and will be subject to the terms and conditions of this Agreement regarding refunds in the same manner as any portion of the original Entrance Fee paid by the Resident.

If the Resident elects to move to a smaller residence, the Resident will not be entitled to any refund of the Entrance Fee as a result of the move. When the contract is terminated, the amount of the refund, if any, will be based on the total Entrance Fee paid.

With all transfers, the Monthly Maintenance Fee for the month in which the move takes place shall be prorated to reflect the percentage of the month that the Resident spends in each type of residence. When transferring, the Resident shall pay the then current Monthly Maintenance Fee. With all transfers, there will be an up-fitting charge of up to \$5,000, for the vacated residence. Resident will move all furnishings and belongings to the new residence within 30 days of the established occupancy date for the new residence. Any moving expense and service connections for phone will be the responsibility of the Resident.

- (g) Death or Transfer of One Resident. If one of the Residents named herein dies, moves out or is permanently transferred to the Assisted Living Center, Trinity Oaks health and rehab or any other nursing center, the remaining Resident may elect to continue to occupy the Apartment or Cottage at the single occupancy rate then in effect.

3. Admissions Requirements and Procedures. Upon execution of this Agreement and subject to fulfillment of his/her obligations hereunder, the Resident will be qualified for admission as an occupant of Trinity Oaks:

- (a) Nondiscrimination. The requirements for admission to Trinity Oaks are nondiscriminatory except as to age. Admission is restricted to persons sixty (60) years of age or older with the exception of a younger spouse. Trinity Oaks is open to both single and married men and women of all races, religions, sexual orientation, gender identity, and geographical boundaries.
- (b) Reservation Agreement. At the time a Resident selects an Apartment or Cottage, he/she will complete a Reservation Agreement and submit it to a Marketing Representative at Trinity Oaks along with a Reservation Deposit of \$1,000. This Reservation Deposit will be applied to the 10% Deposit required at the time of initial acceptance by the Admissions Committee and execution of this Residency Agreement.

The Resident may terminate the Reservation Agreement prior to entering into the Residency Agreement for any reason by giving written notice to Trinity Oaks. The Resident shall be refunded the Reservation Deposit of \$1,000, minus the processing fee of \$500 as noted in the Reservation Agreement within 30 days of such notice. The Reservation Agreement is preliminary in nature and precedent to the Residency Agreement.

- (c) Disclosure Statement. Upon execution of the Reservation Agreement, the Marketing Representative will provide the Resident a copy of Trinity Oaks' Disclosure Statement which fully describes the organization, facilities, policies, services, fees, financial condition, projections, and the vital information related to Trinity Oaks. Included in the Disclosure Statement is a Residency Agreement.
- (d) Application. Within fifteen (15) days of execution of the Reservation Agreement, the Resident will complete an Application for Admission, a Personal Health History and a

Confidential Financial Statement and/or other evidence of sufficient financial means for the review and approval by the Admissions Committee.

- (e) Admissions Committee Review. The Admissions Committee will review the completed Application Forms as a basis for initial approval for admission to Trinity Oaks. The Admissions Committee will accept or deny the application based on criteria and policies established by the Board of Directors. The Executive Director will notify the Resident in writing of the action taken by the Admissions Committee.
- (f) Residency Agreement. The Resident shall execute the Residency Agreement and submit it with a 10% deposit of the Entrance Fee (minus the \$1,000 Reservation Deposit previously paid) within 10 days of notification of initial acceptance by the Admissions Committee. At the same time, Resident will be notified of availability of the Apartment or Cottage for occupancy. See Section 4.
- (g) Physician's Report. Trinity Oaks asks that residents provide a copy of their most recent physical after occupancy along with copies of health insurance cards for emergency purposes. We respect the privacy of the Resident's personal health information and are committed to maintaining the Resident's confidentiality. This applies to all information and records related to the Resident's health that Trinity Oaks has received or created.
- (h) Interview. The Resident must have an interview with a representative from Trinity Oaks prior to being approved by the Admissions Committee. Upon review of the information outlined in subparagraphs (b), (d) and (e) above, the Executive Director may request additional personal interviews with the Resident.
- (i) Representations and Warranties. The Resident affirms that the representations made in the Application for Admission, Personal Health History and Confidential Financial Statement, or other statements of financial capability, are accurate and reflect the Resident's current status and, as such, are the basis for which Trinity Oaks agrees to enter into this Agreement.
- (j) Financial Condition. Immediately prior to entering Trinity Oaks for occupancy, the Resident will affirm to the Admissions Committee that his/her personal financial situation does not differ materially or adversely from the financial situation as presented in the Resident's Confidential Financial Statement described in Section 3(e) of this Agreement. In such situations, the expenses of such institution will be the responsibility of the Resident. The final determination will be at the discretion of the Executive Director. (Also see Section 14, Personal Belongings).
- (d) Release/Readmission. If a determination is made by the Director of Community Relations, the Executive Director and if needed, other health care support staff, that any such transfer or change described in this Section will likely be permanent in nature, the Resident hereby agrees to release his/her rights and use of the Apartment or Cottage, subject to the rights of any remaining second Apartment or Cottage Resident [see Section 2(f) and (g)]. If, however, the Director of Community Relations, the Executive Director and if needed, other health care support staff, subsequently determine that the Resident can resume occupancy in accommodations equivalent to those previously occupied by the Resident, the Resident shall have priority to such accommodations as soon as they become available, with no additional

In the event of condemnation, the Resident waives all claims against Trinity Oaks, and Resident agrees that he/she will not make or be entitled to any claim or recovery against the condemning authority.
17. Government Eligibilities. Should either Trinity Oaks or the Resident be eligible for federal, state or other funds on behalf of the Resident, nothing in this Agreement shall be construed so as to make either party ineligible for such funds, and the Resident expressly waives any provision in this Agreement which might now or hereafter be in conflict with any federal, state or other law or regulations, and agrees to apply for and cooperate in obtaining such benefits.
18. Liability of Trinity Oaks. The death of the Resident will cancel any and all obligations or liability of Trinity Oaks under the terms of this Agreement [see Section 8(e)].
19. Rights of Management. The absolute rights of management are reserved by Trinity Oaks. Trinity Oaks reserves the right to accept or reject any person for residency. The rights of the Residents do not include any right to participate in the management of Trinity Oaks, to determine admissions or terms of admission of any other Resident, to alter common areas within Trinity Oaks, or to make unapproved alterations to their Apartment or Cottage.
20. Durable Power of Attorney. Resident agrees to execute under seal and maintain in effect a Durable Power of Attorney that is valid under North Carolina law and will survive Resident's incapacity or mental incompetence. This Durable Power of Attorney may be effective only upon certification by a licensed physician that Resident is incapacitated or mentally incompetent, and shall designate as Resident's attorney-in-fact a bank or some responsible person of his/her choice to act for him/her managing his/her financial affairs and in filing for insurance and/or other benefits under private and public assistance programs in as full and complete a manner as Resident could do if acting personally for himself/herself. Resident shall deliver a fully executed original of this Durable Power of Attorney to Trinity Oaks prior to occupancy of the Apartment or Cottage.
21. Binding Effect. The covenants and conditions of this Agreement shall bind and benefit respectively Trinity Oaks and its successors and assigns, and Resident and his/her heirs, personal representatives, successors and assigns, except as herein otherwise specified in this Agreement. This Agreement, together with the rules and regulations provided for, shall constitute the full and entire Agreement and understanding between the parties. There are no restrictions, promises, warranties, covenants or undertakings, other than those set forth or referred to in this Agreement. This Agreement, the Exhibits to this Agreement, and other documents and Agreements referred to herein supersede all prior Agreements and undertakings between the parties with respect to this subject matter.
22. Interruptions. Trinity Oaks shall not be required to perform any condition, term or covenant in this Agreement so long as such performance is delayed or prevented by force majeure, which shall mean acts of God, strikes, material or labor shortages or failures, lockouts, restrictions by any governmental authority, civil riot, floods and any other cause not reasonably within the control of Trinity Oaks and which by the exercise of ordinary care Trinity Oaks is unable, wholly or in part, to prevent or overcome.
23. Severability. If any clause or provision of this Agreement should be illegal, invalid or unenforceable, these provisions shall be deemed to be severable and the remainder of this Agreement shall not be

affected by this action. In lieu of the clause or provision that is illegal, invalid, or unenforceable, there shall be substituted a clause or provision as similar in terms to the illegal, invalid, or unenforceable clause or provision as may be legal, valid and enforceable. No amendment of this Agreement will be valid and enforceable unless in writing and executed by the Executive Director and Resident except that management may amend this Agreement from time to time so that this Agreement complies with applicable laws, rules and regulations of the Federal, State or local government.

24. Governing Law. This Agreement will be governed by and construed under the laws of the State of North Carolina.
25. Execution. This Agreement has been executed on behalf of Trinity Oaks by its duly authorized agent. No officer, director, agent or employee of Trinity Oaks shall have any personal liability hereunder to Resident under any circumstances.
26. Waiver. No waiver of any term or condition of this Agreement shall be effective unless made in writing and executed by the parties to the Agreement. Nor shall any waivers be deemed to excuse the performance of any act other than those specifically referred to in the written notice of waiver. Any failure of Trinity Oaks to insist upon strict and/or prompt performance of the requirements, covenants, terms or conditions of this Agreement, and/or the acceptance of such performance thereafter, will not constitute or be construed as a waiver or the relinquishment of Trinity Oaks' right to thereafter enforce the same strictly in the event of a continuing or subsequent default on the part of the Resident.
27. Interpretation. The captions contained herein are for convenience and reference only and in no way define, limit, or describe the scope or intent of this Agreement or affect any of the terms and provisions of this Agreement. Any reference expressed in any gender shall be deemed to include each of the other genders, and the singular shall be deemed to include the plural and vice versa, unless the context otherwise requires.

Assisted Living Admission Agreement

LSC ASSISTED LIVING FACILITY ADMISSION AGREEMENT

This agreement is made by and between _____ (hereinafter called "**Facility**") and the person(s) indicated on the signature page, for the provision of services for the resident ("Resident") known as _____. The individual(s) signing this agreement affirm that any information provided to the facility is true and correct to the best of their knowledge, and acknowledge that the submission of any false information may constitute grounds to terminate this agreement.

Therefore the Facility and the individual(s) signing below agree to the following terms and

conditions: **DEFINITIONS:**

The "Financial Legal Representative" is a person who has legal access to and control over Resident's personal property and/or funds, including cash, social security or other government benefits, annuities, pensions or other sources of payment for care provided at the Facility. By execution of this Agreement, the Financial Legal Representative is agreeing to use such funds of the resident to pay for care and services provided by the Facility pursuant to this Agreement and to undertake the other obligations of the Financial Legal Representative set forth in this Agreement.

The "Personal Legal Representative" is a person designated by Resident or law to (i) receive certain notices that the Facility may or must provide to Resident, or to a legal representative of Resident and (ii) to provide consent for medical treatment and related decisions on behalf of a resident who is unable to make or communicate such decisions.

THE FACILITY AGREES:

1. To provide Services and Accommodations including:
 - personal care services which are adequate and appropriate to Resident's needs,
 - staff coverage twenty-four hours per day, including authorized staff to dispense prescribed medications and assist Resident with bathing and dressing,
 - room accommodations, including basic furnishings and utilities,
 - three meals and three snacks per day,
 - linen, laundry, and housekeeping services at least once weekly,
 - maintenance and grounds keeping services,
 - maintenance and replacement of property, furnishings and equipment owned or leased by the Facility necessitated by normal wear and tear,
 - parking and transportation services as specified by the Facility,
 - a minimum of 14 hours of planned group activities per week, and
 - personal items at the charge specified by the Facility.
2. To furnish a current Statement of Charges to Resident or the Financial Legal Representative upon request. Billing will be one month in advance.
3. To use the services of Resident's attending physician. If Resident's physician is not available to treat Resident, the Facility shall (1) use its best efforts to arrange for an alternate physician or (2) secure emergency room physicians' services, and such expense shall be borne of Resident. The Facility is not obligated to provide Resident with any medicines, treatment, special diets, or equipment without specific orders or directions from Resident's attending physician.
4. To offer services from time to time of outside providers such as a licensed dentist, pharmacist, laboratory, x-ray, podiatry, optometry, ambulance services, etc. Such services are available under guidelines and procedures established by the Facility and may be utilized by Resident at his or her own expense, unless otherwise covered by a third-party payor. Resident or Financial Legal Representative is obligated to pay such fees and costs whether the goods and services are furnished by a person or provider made available by the Facility, or by a person or provider selected by Resident, and whether the goods were provided at the Facility or elsewhere.
5. To place Resident in appropriate accommodations, consistent with Resident's Bill of Rights.
6. To be responsible only for those personal items which are left in the custody of the Executive Director. Resident hereby releases Facility from any liability for safeguarding all other personal property of Resident.
7. To exercise reasonable care when Resident is taken from the Facility by Facility staff on Facility-sanctioned outings. The Facility assumes no responsibility for Resident's welfare when Resident is taken from the Facility either temporarily or permanently under any other circumstances.

8. To notify Resident's physician and Personal Legal Representative of any significant change in Resident's physical, mental or psychosocial condition about which the Facility has information, and of accidents involving Resident which result in injury or the need to alter Resident's treatment significantly.
9. If changes are made in the contract, to provide an amended contract or an amendment to the contract for review and signature within 30 days of the change.

ACCESS TO SERVICES

_____ (facility) offers _____ (list levels of care). Residents will have priority access to these different service levels; residents will still need to meet the admission requirements for the needed level of care in order to be admitted. Residents will have priority access between all services levels, e.g. IL to SNF, IL to AL, AL to SNF, SNF to AL, etc., as residents of _____ (facility). _____ (facility) will work with each resident to ensure the resident is residing at the appropriate care level, and help facilitate any changes as needed. If a Resident moves to a different level of care, a resident agreement for that specific care level will need to be signed.

THE RESIDENT/LEGAL REPRESENTATIVE AGREES:

1. To provide all required documentation for admission as listed in the Resident Handbook.
2. To provide clothing and personal effects as may be needed by Resident.
3. To provide an appropriate amount of spending money as Resident's needs warrant.
4. To abide by all policies and rules of the Facility, including changes in those policies or procedures as may be established by the Facility from time to time.
5. To provide the Facility a fourteen (14) day notice when Resident or Resident's Personal or Financial Legal Representative terminates occupancy. Failure to provide notice may result in charges for up to fourteen (14) days of notice (see also Refund Policy on page 3 of this Agreement).

TERMINATION, TRANSFER, OR DISCHARGE

THE FACILITY RESERVES THE RIGHT TO DISCHARGE OR TRANSFER A RESIDENT WITH APPROPRIATE NOTICE PURSUANT TO APPLICABLE STATE DISCHARGE REGULATIONS FOR ANY OF THE REASONS SET FORTH BELOW:

1. Transfer or discharge is necessary for Resident's welfare and Resident's needs cannot be met in the Facility as documented by the physician, physician assistant or nurse practitioner;
2. Resident's health has improved sufficiently such that Resident no longer needs services provided by the Facility as documented by the physician, physician assistant or nurse practitioner;
3. The safety of individuals in the Facility is endangered by Resident;
4. The health of individuals in the Facility would otherwise be endangered unless Resident is discharged or transferred as documented by the physician, physician assistant or nurse practitioner;
5. Resident has failed to pay the costs of services and accommodations by the payment due date according to the resident contract after receiving written notice of warning of discharge for failure to pay; or
6. Resident has failed to perform obligations under this agreement or abide by the rules and regulations of the Facility.

Notice and Waiver of Notice: The Facility will notify Resident and Personal Legal Representative or family member at least thirty (30) days in advance of the transfer or discharge date, except in those situations described in numbers 1, 2, 3 or 4, above. In such situations, notice will be given as soon as practicable before the transfer or discharge.

Withdrawal Against Advice: In the event Resident withdraws from the Facility against the advice of his/her attending physician and/or without approval of the Facility, all of Facility's responsibilities for the care of Resident are terminated.

Failure of the Facility to discharge a Resident is not a waiver of any of the legal rights of the Facility. Further information regarding Discharge/Transfer policies is found in the Resident Handbook.

FINANCIAL AGREEMENT

- Resident or Financial Legal Representative will pay or arrange payment for services hereunder in accordance with the Facility's then prevailing Room Rates, as amended from time to time. All room and board charges are billed one (1) month in advance. All charges billed on the monthly statement are due and payable by the 10th day of the current month. Any invoice not paid within 30 days of the date of the invoice are subject to a late charge of 1.5% per month (annual rate of 18%) and Resident or Financial Legal Representative is obligated to

pay any late charges. In the event the Facility initiates any legal actions or proceedings to collect payments due from Resident under this Agreement, Resident or Financial Legal Representative shall be responsible to pay all attorney's fees and costs incurred by the Facility in pursuing the enforcement of Resident's financial obligations under this agreement.

- The Resident and/or the Resident's Financial Legal Representative will be notified of changes in Room Rates or other charges as soon as any change is known, but no less than 30 days before rate change is initiated by the Facility.
- Basic residential fees are determined by the facility. Additional rates may apply depending on the Resident's level of care assessment. Basic rates for all levels of care are provided by the facility, and the Resident or the Resident's Financial Legal Representative will be notified of changes as noted above.
- Prior to or on the occupancy date, Resident or Resident's Financial Legal Representative shall pay the Facility an amount equal to the remainder of the admission month. If the occupancy date is after the first day of the month, the advance payment shall be pro-rated accordingly.
- Additional services such as beauty/barber, ancillary supplies, etc. shall be due and payable upon receipt of the monthly statement reflecting those charges.
- Possible Medicaid availability or financial assistance through other non-profit organizations or ministries must be discussed with the Executive Director in advance. Medicaid beds are not available in all LSA facilities and are very limited in others; therefore, there is no guarantee of Medicaid placement.

REFUND POLICY

If the Resident, after being notified by the Facility of its intent to discharge him/her, moves out of the Facility before the thirty days notice has elapsed, the Facility shall refund the Resident an amount equal to the cost of care for the remainder of the month minus any nights spent in the Facility during the notice period. The refund shall be made within fourteen days after the Resident leaves the facility.

If the Resident moves out of the facility without giving the fourteen days notice, or moves out before the fourteen days notice has elapsed, the Resident owes the Facility an amount equal to the cost of care for the required notice period. The Facility shall refund the Resident the remainder of any advance payment following settlement of the cost of care. The refund shall be made within fourteen days from the date of notice or, if no notice is given, within fourteen days after the resident leaves the Facility.

When there is an exception to the notice, to protect the health or safety of the Resident or others in the Facility, the Resident is only required to pay for any nights spent in the Facility. A refund shall be made to the Resident by the Facility within fourteen days from the date of the Resident's departure from the Facility.

When a resident gives a fourteen day notice of leaving the Facility and leaves at the end of the notice period, the Facility shall refund the resident the remainder of any advance payment within fourteen days of the notice.

If a resident dies, the administrator of his/her estate or the Clerk of the Superior Court, when no administrator for his/her estate has been appointed, shall be given a refund equal to the cost of care for the month minus any nights spent in the Facility during the month. This is to be done within thirty days after the Resident's death.

ADDITIONAL RESPONSIBILITIES AND PROVISIONS

Resident's Responsibility to Pay for Pharmaceuticals: If a resident is an eligible beneficiary under the Medicare Part D insurance program and has enrolled in Medicare Part D or Medicare Advantage Plan, Resident shall advise Facility in writing of Resident's chosen Prescription Drug Plan (PDP) upon admission. If Resident becomes eligible for enrollment after admission, or if Resident elects to change his/her PDP, Resident shall notify the Facility and provide a copy of such election. Resident is responsible to pay the charges for all prescription drugs or medications while a resident in the

Facility, except to the extent that such drugs and medications are covered in whole or in part by any applicable government reimbursement program. Some or all of the charges for prescription drugs may be covered by benefits available through Medicare Part D or other private insurance or governmental insurance/benefit programs.

In the event that coverage for any prescription drug or pharmaceutical is denied, then Resident or Legal Representative shall remain responsible to pay for all such prescriptions, drugs, supplies, other medications or pharmaceuticals. The Facility is not responsible for and has made no representations regarding the actions or decisions of any PDP.

INDEMNIFICATION: Resident shall indemnify and hold the Facility harmless from, and is responsible to pay for, any damages or injuries to other persons and residents or to the property of other persons or residents caused by the acts or omissions of Resident, to the fullest extent permitted by law.

2. **Severability:** The various provisions of this Agreement shall be severable one from another. If any provision of this Agreement is found by a court or administrative body of proper jurisdiction and authority to be invalid, the other provisions shall remain in full force and effect as if the invalid provision had not been a part of this Agreement.
3. **Captions:** The captions used in connection with the sections and subsections of this Agreement are inserted only for the purpose of reference. Such captions shall not be deemed to govern, limit, modify, or in any manner affect the scope, meaning or intent of the provisions of this Agreement, nor shall such captions be given any legal effect.
4. **Modifications:** The Facility reserves the right to modify unilaterally the terms of this Agreement to conform to subsequent changes in law, regulation, or operations. To the extent possible, the Facility will give Resident and Personal and Financial Legal Representative, as applicable, thirty (30) days advance written notice of any such modifications. Resident may not modify this Agreement except by a writing signed by the Facility.
5. **Waiver of Provisions:** The Facility reserves the right to waive any obligation of Resident under the provisions of this Agreement in its sole and absolute discretion. No term, provision or obligation of this Agreement shall be deemed to have been waived by the Facility unless such waiver is in writing by the Facility. Any waiver by the Facility shall not be deemed a waiver of any other term, provision or obligation of this Agreement, and the other obligations of Resident under this Agreement shall remain in full force and effect.

Skilled Nursing Admission Agreement

LSC NURSING FACILITY ADMISSION AGREEMENT

This agreement is made by and between _____ (hereinafter called **“Facility”**) and _____ (herein after called **“Resident”**) identified in this Agreement. The individual(s) signing this agreement affirm that the information provided in the Pre-Admission Application and/or Financial Application is true and correct to the best of their knowledge, and acknowledge that the submission of any false information may constitute grounds to terminate this agreement.

Therefore the Facility, and the individual(s) signing below, intending to be legally bound, agree to the following terms and conditions:

I. DEFINITIONS:

- a. A “Financial Legal Representative” is a person who has legal access to and control over Resident’s personal property and/or funds, including cash, social security or other government benefits, annuities, pensions or other sources of payment for care provided at the Facility. The Financial Legal Representative may be a guardian of Resident’s estate appointed by a Court, an agent under a valid durable power of attorney, or any person legally-authorized to serve as Resident’s Financial Legal Representative. Once Resident has been admitted to the Facility, neither a court order designating a guardian of Resident’s estate nor a power of attorney shall vest the holder with the authority to make health care decisions (as opposed to financial or other non-health care decisions) on Resident’s behalf unless the document establishing the power of attorney clearly grants this authority. A person who has been appointed as Resident’s Financial Legal Representative by a court order or power of attorney must provide the Facility with documentary evidence showing that the person does, in fact, have legal authority to act as Resident’s Financial Legal Representative and the extent of such authority.

The Financial Legal Representative’s duties, obligations and responsibilities are set forth in the Financial Legal Representative Agreement, which is incorporated by reference herein in its entirety. By signing this agreement, Resident’s Financial Legal Representative acknowledges that he/she has read the Financial Legal Representative Agreement, understands the terms therein, and understands and agrees that he/she shall be bound by all terms set forth in the Financial Legal Representative Agreement.

- b. A “Personal Legal Representative” is a person designated by Resident or law to (i) receive certain notices that the Facility must provide to Resident, and if known, to a legal representative or interested family member, pursuant to Federal and State law, including notice of a significant change in Resident’s condition, a need to alter treatment, a decision to transfer or discharge Resident from the Facility, or a roommate change, among others; and (ii) to provide consent for medical treatment and related decisions on behalf of a resident who is unable to make or communicate such decisions. Resident hereby appoints _____ (name) as his/her Personal Legal Representative. By signing this Agreement, the individual designated by Resident as Personal Legal Representative agrees to undertake and perform the obligations of the Personal Legal Representative defined and described in this Agreement.

A competent resident (one who is able to make and communicate his/her own decisions) may designate a person to serve as Personal Legal Representative for the purposes described in this paragraph. If Resident is unable to designate a Personal Legal Representative because of physical or mental limitations, or chooses not to do so, then the Facility will rely upon the individual(s) described below who has the highest priority in the following list as Resident’s Personal Legal Representative for purposes of providing required notices and/or obtaining necessary consent:

A health care agent for Resident appointed pursuant to a valid health care power of attorney to the extent of the authority granted in that document (unless that authority has been suspended by a court with jurisdiction over Resident);

A guardian of Resident’s person or general guardian appointed by a court with jurisdiction to do so pursuant to Article 5 of Chapter 35A of the North Carolina General Statutes (note if Resident has a health care agent appointed pursuant to a valid health care power of attorney, the health care agent takes priority over a guardian unless a court has suspended the health care agent’s authority in favor of the guardian);

An agent appointed under durable power of attorney appointed by Resident pursuant to Article 1 or 2 of Chapter 32A of the North Carolina General Statutes, if that document grants authority to make health care decisions for Resident;

Resident’s spouse;

A majority of Resident’s reasonably available parents and children who are at least 18 years of age;

A majority of Resident’s reasonably available siblings who are at least 18 years of age; or

An individual who has an established relationship with Resident, who is acting in good faith on behalf of Resident and who can reliably convey Resident’s wishes.

The Facility may petition a court to appoint a guardian and take other legal action if the Facility reasonably believes that Resident’s needs are not being properly met or the duties imposed by this Agreement or the Financial Legal Representative Agreement are not being fulfilled by Resident or the Financial Legal Representative. Resident, Resident’s estate, or the Financial Legal Representative shall pay the cost of such Guardianship proceedings, including attorneys’ fees.

II. THE FACILITY AGREES:

1. To provide to Resident medical, nursing and personal care services which are adequate and appropriate to Resident's needs pursuant to physician orders, applicable Federal and State statutes, rules and regulations and definitions of nursing home care or assisted living care, the Facility's Statement of Room Rates and Ancillary Charges, as amended from time to time, and all supplemental forms entered into between Resident and the Facility relating to Resident's care and services at the Facility.
2. To furnish room accommodations, three meals per day except as medically indicated, linen service, housekeeping services, activity programs, and personal items at the charge specified in the Facility's Statement of Room Rates.
3. To provide ancillary services and supplies as identified on the Facility's Statement of Room Rates and Ancillary Charges and such other ancillary services and supplies at the option and upon the request of Resident, or upon the direction of Resident's treating physician. The ancillary services and supplies are subject to change from time-to-time at the discretion of the Facility. Resident shall pay for other services and supplies provided by the Facility which are not covered by the Facility's Statement of Room Rates and Ancillary Charges in effect at the time such ancillary services or supplies are rendered. Any items ordered by the physician which are not identified on the statement will be provided at charges identified by the Facility.
4. To furnish a current Statement of Charges to Resident or the Financial Legal Representative upon request. Billing will be one month in advance.
5. To use the services of Resident's attending physician. If Resident's physician is not available to treat Resident, the Facility shall (1) use its best efforts to arrange for an alternate physician or (2) secure emergency room physicians' services, and such expense shall be borne of Resident. The Facility is not obligated to provide Resident with any medicines, treatment, special diets, or equipment without specific orders or directions from Resident's attending physician.
6. To offer services from time to time of outside providers such as a licensed dentist, pharmacist, laboratory, x-ray, podiatry, optometry, ambulance services, etc. Such services are available under guidelines and procedures established by the Facility and may be utilized by Resident at his or her own expense, unless otherwise covered by third-party payor. Resident or Financial Legal Representative is obligated to pay such fees and costs whether the goods and services are furnished by a person or provider made available by the Facility, or by a person or provider selected by Resident, and whether the goods were provided at the Facility or elsewhere.
7. To furnish basic equipment and items which are utilized by individual residents but which are reusable and expected to be available in the Facility, e.g. ice bags, bed rails, canes, crutches, walkers, wheelchairs for non-exclusive transportation use, traction equipment, and other durable medical equipment. If Resident, Personal Legal Representative or Financial Legal Representative desires special equipment not covered by Private Insurance, Medicaid or Medicare, it will be supplied at extra charge and paid for by Resident.
8. To place Resident in appropriate accommodations, consistent with Resident's Bill of Rights.
9. To be responsible only for those personal items which are left in the custody of the Administrator. Resident hereby releases Facility from any liability for safeguarding all other personal property of Resident.
10. To exercise reasonable care when Resident is taken from the Facility by Facility on Facility-sanctioned outings. The Facility assumes no responsibility for Resident's welfare when Resident is taken from the Facility either temporarily or permanently under any other circumstances.
11. To notify Resident's physician and Personal Legal Representative of any significant change in Resident's physical, mental or psychosocial condition about which the Facility has information, and of accidents involving Resident which result in injury or the need to alter Resident's treatment significantly.
12. To provide information as needed by Resident or Financial Legal Representative for filing with private insurance companies.

III. TERMINATION, TRANSFER, OR DISCHARGE:

THE FACILITY RESERVES THE RIGHT TO DISCHARGE OR TRANSFER A RESIDENT WITH APPROPRIATE NOTICE PURSUANT TO APPLICABLE FEDERAL AND STATE DISCHARGE REGULATIONS FOR ANY OF THE REASONS SET FORTH BELOW, SUBJECT TO ANY LIMITATIONS ON SUCH DISCHARGE OR TRANSFER UNDER THE LAWS OF THE STATE IN WHICH THE FACILITY IS LOCATED:

1. Transfer or discharge is necessary for Resident's welfare and Resident's needs cannot be met in the Facility;
2. Resident's health has improved sufficiently such that Resident no longer needs services provided by Facility;
3. The safety of individuals in the Facility is endangered by Resident;
4. The health of individuals in the Facility would otherwise be endangered unless Resident is discharged or transferred;
5. Resident has failed after reasonable and appropriate notice to pay for (or to have paid under Medicare or Medicaid) a stay at the Facility; or
6. The Facility ceases to operate.

Notice and Waiver of Notice: The Facility will notify Resident and Personal Legal Representative or family member at least thirty (30) days in advance of transfer or discharge, except in situations when appropriate plans that are acceptable to Resident can be implemented earlier, and except in cases of emergencies, including those situations described above in section 1-4 or when Resident has not resided in the Facility for thirty (30) days. In such events, then only such notice as is reasonable under the circumstances shall be provided.

Withdrawal Against Advice: In the event Resident withdraws from the Facility against the advice of his/her attending physician and/or without approval of the Facility, all of Facility's responsibilities for the care of Resident are terminated. Failure of the Facility to discharge a Resident is not a waiver of any of the legal rights of the Facility. Further information regarding Discharge/Transfer policies found in the Resident Handbook.

IV. THE LEGAL FINANCIAL REPRESENTATIVE AGREES:

1. To provide clothing and personal effects as may be needed by Resident.
2. To provide the Facility with current insurance information.
3. To provide an appropriate amount of spending money as Resident's needs warrant.
4. To abide by all policies and rules of the Facility.

V. FINANCIAL AGREEMENT:

Resident will pay or arrange payment for service hereunder in accordance with the Facility's then prevailing Statement of Room Rates and Ancillary Charges, as amended from time to time. All room and board charges are billed one (1) month in advance, with the exception of Medicare charges. All charges billed on the monthly statement are due and payable by the **10th day** of the current month. Any invoice not paid within 30 days of the date of the invoice are subject to a late charge of 1.5% per month (annual rate of 18%) and Resident or Financial Legal Representative is obligated to pay any late charges. In the event the Facility initiates any legal actions or proceedings to collect payments due from Resident under this Agreement, Resident or Legal Financial Representative shall be responsible to pay all attorney's fees and costs incurred by the Facility in pursuing the enforcement of Resident's financial obligations under this agreement.

Any change from the Statement of Room Rates and Ancillary Charges in effect at the time of Resident's admission to Facility will be furnished as set forth below. When or if Resident intends to file for Medicaid or similar governmental benefit programs for payment of Resident's care, Resident or Resident's Financial Legal Representative agrees to file an application and provide all required information with the appropriate agency in a timely manner.

Resident and Financial Legal Representative will cooperate with the Facility to ensure that the Facility receives all third-party payments as soon as possible. Cooperation includes providing information, signing and delivering documents, and assigning to the Facility (to the extent permitted by law) any payments for Resident from federal or state governmental assistance, programs, or any other reimbursement or benefits to the extent of all amounts due the Facility. **In the event of initial or subsequent denial of coverage by Resident's insurance carrier, Resident shall pay the Facility timely for all noncovered services retroactive to the date of the initial delivery of services, so long as such payment obligation is consistent with the regulations governing the Facility's participation in the Medicare and Medicaid Programs.**

1. Private Pay Residents agree:

- (a) To pay Routine Services pursuant to the attached Statement of Room Rates and Ancillary Charges or any modification to such statement.
- (b) To pay all charges for medical supplies and pharmacy items and other ancillary services or products pursuant to the attached Statement of Room Rates and Ancillary Charges needed for Resident's care.
- (c) To pay all charges for personal items used by Resident.
- (d) To pay the Facility or the Facility's designated agent as directed and to authorize the Facility to bill Resident's insurance carrier for services rendered and authorize payment directly to the Facility.
- (e) To pay all charges promptly after a bill is rendered, but in no event, later than the 10th day of the current month. If charges are not paid timely, to pay interest on all past due balances at the rate set forth in Paragraph V above. In addition, costs of collection, including reasonable attorney's fees, will be charged to the account.
- (f) All room and board charges are billed in advance and due and payable by the 10th day of each month.
- (g) To provide the Facility a 48-hour notice when Resident, or Resident's Financial or Personal Legal Representative, terminates occupancy. Failure to provide notice will result in charges for days of notice.

Notwithstanding the above, in no case shall the interest rate charged be greater than that allowed by applicable state usury laws, and the rate charges herein shall automatically be reduced to the maximum rate allowed under such laws in any such case.

2. Medicaid Recipients agree:

- (a) To pay personal liability (co-pay) as determined by the Department of Social Services to the Facility or its designated agent pursuant to all Federal and State payment regulations. The Facility per diem rate for Medicaid residents is determined by the State Division of Medical Assistance in accordance with a reimbursement formula. This formula will determine what portion of that rate must be paid by Resident, based on Resident's monthly income less any allowable deductions. Resident's portion shall be billed in advance by the Facility and shall be due on the 10th of each month.
- (b) To pay for any personal items that are not covered by the Medicaid program.
- (c) To comply with Therapeutic Leave approval, in accordance with Facility's Bed-Hold Policy and state requirements.

3. Medicare Recipients agree:

- (a) To pay all co-insurance amounts and deductibles pursuant to the Medicare regulations.
- (b) To pay for any personal items that are not covered by the Medicare program.

4. Veterans' Administration Contract Recipients agree:

- (a) To pay all charges not covered by VA Contract.

5. Managed Care Recipients (MCO) and Medicare Advantage (MA) Participants agree:

- (a) To notify the Facility in writing prior to enrolling with a MCO or MA or switching Resident's MCO or MA enrollment. Resident acknowledges that any MCO or MA for whom the Facility is not an authorized provider may not approve payment for services provided by the Facility. Resident acknowledges that the Facility is not responsible for the actions or decisions of any MCO or MA for whom the Facility is an authorized provider, including decisions related to denial of coverage.

- (b) To pay co-payments and any other costs assigned to Resident under the specific terms of the managed care plan.
- (c) To pay for service which the MCO or MA refuses to preauthorize.

For all Residents described in Part V above:

- All payments are due by the 10th day of the current month. If Resident leaves the Facility before the end of the month and does not return, any prepaid amount for the current month will be refunded, in accordance with Medicaid regulations, and in accordance with notice requirements for non-program residents. If a credit occurs while Resident remains in the Facility, the credited amount will be applied to future charges.
- For Medicare, Medicaid, VA Contract, Special Assistance, Auxiliary Grant and Private Insurance residents requesting a private room, Resident will be charged the difference in private room rate and semi-private room rate, in accordance with State regulations. A written notice of a change of Facility's Room Rates, Service Fees or Ancillary Charges will be provided to Resident in accordance with Resident's Bill of Rights.
- Resident and/or Resident's Financial Legal Representative shall notify the Facility immediately of any change in Resident's insurance status or coverage made by the insurance carrier, including but not limited to, being dropped by the insurance carrier or a decrease or increase in benefits.

Resident's Responsibility to Pay for Pharmaceuticals: If a resident is an eligible beneficiary under the Medicare Part D insurance program and has enrolled or has been mandatorily enrolled in Medicare Part D or Medicare Advantage Plan, Resident shall advise Facility in writing of Resident's

chosen Prescription Drug Plan (PDP) upon admission. If Resident becomes eligible for enrollment after admission, or if Resident elects to change his/her PDP, Resident shall notify the Facility and provide a copy of such election. Resident is responsible to pay the charges for all prescription drugs or medications while a resident in the Facility, except to the extent that such drugs and medications are covered in whole or in part by any applicable government reimbursement program. Some or all of the charges for prescriptions drugs may be covered by benefits available through Medicare Part D or other private insurance or governmental insurance/benefit programs. In the event that coverage for any prescriptions drug or pharmaceutical is denied, then Resident or Financial Legal Representative shall remain responsible to pay for all such prescriptions, drugs, supplies, other medications or pharmaceuticals. The Facility is not responsible for and has made no representations regarding the actions or decisions of any PDP.

Capacity of Resident and Guardianship: If Resident is, or becomes, unable to understand or communicate his or her health care or other care decisions, and is determined by Resident's Physician or the Facility's Medical Director after admission to be incapacitated, the Facility shall have the right, in the absence of Resident's prior designation of an authorized legal representative, or upon the unwillingness or inability of the legal representative to act, to commence a legal proceeding to adjudicate Resident incompetent and to have a court appoint a guardian for Resident. The cost of the legal proceedings, including attorney's fees, shall be paid by Resident or Resident's estate.

Obligations of Resident's Estate and Assignment of Property: Resident and Financial Legal Representative acknowledge the charges for services provided under this Agreement remain due and payable until fully satisfied. In the event of Resident's discharge for any reason, including death, this Agreement shall operate as an assignment, transfer, and conveyance to the Facility of so much of Resident's property as is equal in value to the amount of any unpaid obligations under this Agreement. This assignment shall be an obligation of Resident's estate and may be enforced against Resident's estate. Resident's estate shall be liable to and shall pay to the Facility an amount equivalent to any unpaid obligations of Resident under this Agreement.

VI. INDEMNIFICATION: Resident shall indemnify and hold the Facility harmless from, and is responsible to pay for any damages or injuries to other persons and residents or to the property of other persons or residents caused by the acts or omissions of Resident, to the fullest extent permitted by law.

VII. MISCELLANEOUS PROVISIONS:

1. **Governing Law:** This Agreement shall be governed by and construed in accordance with the laws of the State of North Carolina and shall be binding upon an inure to the benefit of each of the undersigned parties and their respective heirs, personal representatives, successors, and assigns.
2. **Severability:** The various provisions of this Agreement shall be severable one from another. If any provision of this Agreement is found by a court or administrative body of proper jurisdiction and authority to be invalid, the other provisions shall remain in full force and effect as if the invalid provision had not been a part of this Agreement.
3. **Captions:** The captions used in connection with the sections and subsections of this Agreement are inserted only for the purpose of reference. Such captions shall not be deemed to govern, limit, modify, or in any manner affect the scope, meaning or intent of the provisions of this Agreement, nor shall such captions be given any legal effect.
4. **Modifications:** The Facility reserves the right to modify unilaterally the terms of this Agreement to conform to subsequent changes in law, regulation, or operations. To the extent possible, the Facility will give Resident and Financial Legal Representative and/or Personal Legal Representative, as applicable, thirty (30) days advance written notice of any such modifications. Resident may not modify this Agreement except by a writing signed by the Facility.
5. **Waiver of Provisions:** The Facility reserves the right to waive any obligation of Resident under the provisions of this Agreement in its sole and absolute discretion. No term, provision or obligation of this Agreement shall be deemed to have been waived by the Facility unless such waiver is in writing by the Facility. Any waiver by the Facility shall not be deemed a waiver of any other term, provision or obligation of this Agreement, and the other obligations of Resident and this Agreement shall remain in full force and effect.

VIII. ACCESS TO SERVICES

_____ (facility) offers _____ (list levels of care). Residents will have priority access to these different service levels; residents will still need to meet the admission requirements for the needed level of care in order to be admitted. Residents will have priority access between all services levels, e.g. IL to SNF, IL to AL, AL to SNF, SNF to AL, etc., as residents of _____ (facility). _____ (facility) will work with each resident to ensure the resident is residing at the appropriate care level, and help facilitate any changes as needed. If a Resident moves to a different level of care, a resident agreement for that specific care level will need to be signed.

ASSIGNMENT OF BENEFITS

I certify that the information provided in applying for benefits under Title XVIII of the Social Security Act is correct and hereby request the payment of authorized Medicare or other insurance benefits to be made on my behalf [or on behalf of Resident for whom am I serving as Financial Legal Representative] to the Facility for any services furnished to me [or to Resident for whom am I serving as Financial Legal Representative]. I authorize any holder of medical or other information about me [or to Resident for whom am I serving as Financial Legal Representative] to be released to the Insurance Company and its agents any data needed to determine these benefits or the benefits payable for the related services. I understand that I may revoke any and all of the above at any time by informing the Facility in writing of my wish to do so.

Independent Auditor's Report

Board of Trustees
Lutheran Services for the Aging, Inc. and
Lutheran Family Services in the Carolinas and Affiliates
Salisbury, North Carolina

Opinion

We have audited the consolidated financial statements of Lutheran Services for the Aging, Inc. and Lutheran Family Services in the Carolinas (nonprofit organizations) and Affiliates (the "Organizations"), which comprise the consolidated balance sheets as of September 30, 2024 and 2023, and the related consolidated statements of operations and changes in net assets, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Organizations as of September 30, 2024 and 2023, and the results of their operations, changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the Organizations and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organizations' ability to continue as a going concern within a year after the date that the consolidated financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organizations' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organizations' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules

Our audit was performed for the purpose of forming an opinion on the consolidated financial statements that collectively comprise the Organizations' basic consolidated financial statements. The consolidating information listed in the table of contents is presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position and results of operations and changes in net assets of the individual companies, and it is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The consolidating information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the consolidating information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Note 1. Operations and Summary of Significant Accounting Policies

Nature of Organization

Effective July 1, 2011, Lutheran Services for the Aging, Inc. and Lutheran Family Services in the Carolinas and Affiliates (the "Organizations") underwent an organizational restructure forming a collective ministry. Lutheran Services for the Aging, Inc. and Lutheran Family Services in the Carolinas and Affiliates are affiliated with the Evangelical Lutheran Church in America ("ELCA"). The financial statements are presented on a consolidated basis due to the existence of both an economic interest and control.

Lutheran Services for the Aging, Inc. and Affiliates ("LSA") is a non-profit senior services provider throughout North Carolina and South Carolina. LSA is supported primarily through service fees, contributions, and investment earnings. LSA owns and operates nine nursing homes, four retirement centers, one assisted living residence, an adult day services program, home care services, and provides associated ancillary, as well as, management services.

Lutheran Family Services in the Carolinas and Affiliates ("LFS") is a nonprofit child and family services organization. LFS has various types of programs (adoption, partnership initiatives, community-based counseling and family services, foster care, inmate/family consultation and support, disaster response, refugee and immigration services, residential services for adults, and residential services for children) which provide services throughout North Carolina and South Carolina. LFS is supported primarily through service fees, contributions, and grants. LFS is managed by LSA under a management agreement.

New Accounting Pronouncement

On October 1, 2023, the Organization adopted ASU 2016-13, Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments, as amended, which replaces the incurred loss methodology with an expected loss methodology that is referred to as the current expected credit loss (CECL) methodology. The measurement of expected credit losses under CECL methodology is applicable to financial assets measured at amortized cost. It also applies to certain qualifying insurance receivables and reinsurance recoveries and receivables. This accounting pronouncement did not have a significant impact on the consolidated financial statements.

Program of All-Inclusive Care for the Elderly

LSA is a member of four non-profit organizations: Senior TLC, Inc., PACE of Guilford and Rockingham Counties, Inc., PACE @ Home, Inc., and PACE of the Southern Piedmont. The non-profits provide services to seniors through Program of All-Inclusive Care for the Elderly ("PACE") programs. PACE programs provide comprehensive long-term services and support to Medicaid and Medicare enrollees. An interdisciplinary team of health professionals provides individuals with coordinated care.

During 2012, LSA entered into a revolving credit agreement with Senior TLC, Inc. as the lender for an amount not to exceed \$1,000,000 at any one time with an interest rate of 5% per annum; interest began to accrue January 1, 2016. Principal payments equal to the excess of cash above 60 days cash on hand will begin the month following the month in which Senior TLC, Inc. achieves 60 days cash on hand. As of September 30, 2024 and 2023, the line had a balance of \$0.

Effective June 1, 2020 LSA purchased a 15% equity interest in PACE of Guilford and Rockingham Counties, Inc. for approximately \$1,400,000. Investments without readily determinable fair values are accounted for at cost less impairment. No impairment has been recognized on the investment in PACE of Guilford and Rockingham Counties, Inc. as of September 30, 2024 and 2023.

Basis of Presentation

The consolidated financial statements have been prepared on the accrual basis of accounting. In preparing its consolidated financial statements, net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and the changes therein are classified and reported as follows:

Net assets without donor restrictions - Net assets that are not subject to donor-imposed stipulations.

Net assets with donor restrictions - Net assets subject to donor-imposed stipulations that may or will be met either by management actions of the Organizations and/or by the passage of time. This also includes net assets subject to donor-imposed stipulations that they be maintained permanently by the Organizations. Generally, the donors of these assets permit the Organizations to use all or part of the earnings on related investments for general or specific purposes.

Cash and Cash Equivalents

LSA and LFS consider all unrestricted short-term investments with an original maturity of three-months or less when purchased to be cash equivalents. The Organizations maintain their cash accounts with high quality financial institutions, which at times, exceed federally insured limits. They have not experienced any losses in such accounts and do not believe they are exposed to any significant credit risk on cash.

**Lutheran Services for the Aging, Inc. and
Lutheran Family Services in the Carolinas and Affiliates
Notes to Consolidated Financial Statements**

Restricted cash is included with cash and cash equivalents in the consolidated statements of cash flows. The following table provides a reconciliation of cash, cash equivalents, and restricted cash reported within the consolidated balance sheets that sum to the total amounts shown in the statements of cash flows for the period ended September 30:

	<u>2024</u>	<u>2023</u>

Net Service Fees

Net service fees for the Organizations are reported at the estimated net realizable amounts from clients, third party payors and others for services rendered.

LSA provides services to patients covered under the Medicaid and Medicare programs. LFS provides services to clients utilizing Medicaid and through contractual arrangements with managed care organizations for developmental disabilities, mental health, and substance abuse services and others located in North and South Carolina. During 2024 and 2023, approximately 55% and 59%, respectively, of net service revenue was derived from services provided under these arrangements. Likewise, a substantial portion of accounts receivable are due from these agencies. Management does not believe there are significant credit risks with these programs.

Payment arrangements include prospectively determined rates. However, federal and state regulations provide for certain retroactive adjustments, to current and prior years' payment rates, based on industry-wide and entity-specific data. Provisions for estimated third-party settlements are provided in the period the related services are rendered. Any differences between estimated final settlement amounts and actual final settlements are recorded in the year the final settlement is determined.

The Organizations perform an evaluation of the collectability of net revenues recorded and records an allowance credit losses. Provisions for credit loss is primarily estimated based on cash collection analysis by payor classification and the age of the account. The Organization provides an allowance for credit losses, which is based upon a review of outstanding receivables, historical collection information, and existing economic conditions adjusted for current conditions and reasonable and supportable forecasts. Accounts receivable are written off after collection efforts have been pursued in accordance with established policies and procedures. The total credit losses recorded against service fees was approximately \$50,608,00 and \$43,579,000 as of September 30, 2024 and 2023, respectively.

Inventory

Inventory consists of pharmaceutical, medical, housekeeping, and dietary supplies and is stated at the lower of cost (first-in, first-out) or net realizable value.

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values on the consolidated balance sheets. Management believes investments to be trading securities and as such unrealized gains and losses are included in the performance indicator.

Fair Value of Financial Instruments

The carrying amount of cash and cash equivalents approximates its fair value. The fair value of the Organizations' investments is presented in Note 10 and is based on quoted market prices. The carrying values of accounts receivable, third-party reserves, other receivables, accounts payable, and accrued expenses approximate fair value due to the short-term nature of these instruments. The fair value of the long-term debt was estimated using discounted cash flows based on market yield on comparable bonds for a similar type of borrowing arrangement. The Organizations' debt carrying values approximate fair values of those obligations.

Fair Market Measurements

The Organizations follow the Fair Value Measurements accounting standard. Under this standard, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants.

The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

- Level 1** - Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that the Organizations have the ability to access.
- Level 2** - Inputs that include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Fair values for these instruments are estimated using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows.
- Level 3** - Inputs that are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Additionally, from time to time, the Organizations may be required to record at fair value other assets on a nonrecurring basis in accordance with generally accepted accounting principles. These adjustments to fair value usually result from the application of the lower-of-cost-or-market accounting or write down of individual assets.

Assets Limited as to Use

Assets limited as to use, reported at fair value, include donor-restricted endowment funds, assets temporarily restricted for long-term purposes, assets reserved in accordance with statutory operating reserve requirements, waiting list deposits held in escrow, bond funds restricted under debt agreements - (money market funds, equity mutual funds, fixed income mutual funds and U.S. Government Securities mutual funds), and funds designated by the Board of Trustees for future capital improvements, over which the Board retains control and may at its discretion subsequently use for other purposes.

Property and Equipment

Property and equipment expenditures are capitalized at cost. The Organizations' capitalization policy requires individual assets greater than \$2,500 for LSA and LFS with a useful life of two or more years to be capitalized. Depreciation of property and equipment is provided for by the straight-line method over the following estimated useful lives:

Land improvements	5 – 25 years
Buildings	27 – 40 years
Building improvements	20 years

**Lutheran Services for the Aging, Inc. and
Lutheran Family Services in the Carolinas and Affiliates
Notes to Consolidated Financial Statements**

Certificate of need	15 years
Leasehold improvements and furnishings and equipment	5 years
Computer software	3 – 5 years
Automotive equipment	5 years

Leasehold improvements are depreciated using the shorter of their useful life or the lease term.

Interest costs incurred on borrowed funds during the period of construction of capital assets are capitalized as a component of the cost of acquiring those assets and depreciated over the estimated useful lives by the straight-line method of depreciation.

Property and equipment includes purchases through and for use in government programs. Under the terms of these programs' agreements, title to the property and equipment shall revert back to the contracting governmental agency upon termination of the contract. As of September 30, 2024 and 2023, property and equipment costs incurred under the above-mentioned contracts were approximately \$599,000 and \$613,000, respectively, with a net carrying value of approximately \$166,000 and \$194,000, respectively, subject to potential future reversion.

The Organizations evaluate, on an on-going basis, the carrying value of property and equipment based on estimated future undiscounted cash flows. In the event such cash flows are not expected to be sufficient to recover the carrying value of the assets, the useful lives of the assets are revised or the assets are written down to their estimated fair values.

Debt Issuance Costs

Debt issuance costs are being amortized using the straight-line method, which approximates the effective interest method, over the term of the related financing agreement and are offset against long-term debt on the consolidated balance sheets.

Advance Fees

Fees paid by a resident upon entering into a residency agreement at Trinity Oaks and Trinity Landing - LSA's continuing care retirement communities, net of the portion thereof that is refundable to the resident, are recorded as deferred revenue and are amortized to income using the straight-line method over the estimated remaining life expectancy of the resident.

Through July 31, 2013, Trinity Oaks offered two types of agreements. One type, the 80% Entrance Fee Refund Plan, states the refund is equal to the entrance fee less a four percent (4%) non-refundable fee paid at time of occupancy and by one percent (1%) per month for the first 16 months of occupancy, after which 80% of the entrance fee is refundable. The other type, the Limited Refund Plan, states the refund for apartments is equal to the entrance fee less a four percent (4%) non-refundable fee paid at time of occupancy and two percent (2%) per month for the first 48 months, after which the entrance fees is non-refundable; the refund for cottages under the Limited Refund Plan is equal to the Entrance Fee, which is comprised of the basic Cottage fee and selected Major Options, reduced by five percent (5%) per month, or any portion of a month of occupancy for the first twenty (20) months of occupancy. Following twenty (20) months of occupancy, there is no refund on any amount paid by the resident. Any refund is payable upon re-occupancy or within two years, whichever occurs first. LSA records a current portion of advance fees that is expected to be refunded in the next year.

Beginning August 1, 2013, Trinity Oaks offers three types of agreements. The 90% Refund Plan, states the refund is equal to the entrance fee less a one percent (1%) non-refundable fee paid at time of occupancy and by one half percent (0.5%) per month for the first 18 months of occupancy, after which 90% of the entrance fee is refundable. The 50% Refund Plan, states the refund is equal to the entrance fee less two percent (2%) non-refundable fee paid at time of occupancy and by one percent (1%) per month for the first 48 months of occupancy, after which 50% of the entrance fee is refundable. The Limited Refund Plan, states the refund is equal to the entrance free less a four

percent (4%) non-refundable fee paid at the time of occupancy and two percent (2%) per month for the first 48 months, after which the entrance fee is non-refundable. Any refund is payable upon re-occupancy.

Trinity Landing opened during 2022 and offers three types of agreements. The 90% Refund Plan, states the refund is equal to the entrance fee less a one percent (1%) non-refundable fee paid at time of occupancy and by one half percent (0.5%) per month for the first 18 months of occupancy, after which 90% of the entrance fee is refundable. The 50% Refund Plan, states the refund is equal to the entrance fee less two percent (2%) non-refundable fee paid at time of occupancy and by one percent (1%) per month for the first 48 months of occupancy, after which 50% of the entrance fee is refundable. The Limited Refund Plan, states the refund is equal to the entrance fee less a four percent (4%) non-refundable fee paid at the time of occupancy and two percent (2%) per month for the first 48 months, after which the entrance fee is non-refundable. Any refund is payable upon re-occupancy.

Contributions, Grants, and Federal Awards

Contributions, grants, and federal awards received by the Organizations are recorded as support with donor restrictions or support without donor restrictions depending on the existence and/or nature of any donor/grantor restrictions. Conditional promises to give - that is, those with a measurable performance or other barrier and a right of return or release - are recognized when the conditions on which they depend are substantially met. Certain grants are conditioned upon certain performance requirements and the incurrence of allowable qualifying expenses.

Unconditional promises to give that are expected to be collected within one year are recorded at their net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of estimated future cash flows. The discounts on those amounts are computed using a risk-adjusted interest rate applicable to the year in which the promise is received. Amortization of the discount is included in contribution revenue.

Donated Assets and Services

Donated materials and property and equipment are recorded at their estimated fair values at the date of receipt and are reflected as contributions in the accompanying consolidated financial statements. The Organizations do not imply time restrictions on gifts of long-lived assets. Various contributed services are performed for the Organizations by volunteers. The services are significant and form an integral part of the efforts of the Organizations, but these services do not meet the criteria for recognition as contributed services.

Advertising

The cost of advertising is expensed as incurred. LSA and LFS incurred advertising costs of approximately \$753,000 and \$56,000, respectively, for the year ended September 30, 2024 and approximately \$987,000 and \$32,000, respectively, for the year ended September 30, 2023.

Derivatives

Derivative financial instruments are recognized in the consolidated financial statements and measured at fair value, regardless of the purpose or intent for holding them. The carrying value of LSA's financial instruments approximate fair value. Fair value is based on estimates using present value or other valuation techniques.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements, and the reported revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risk Management

The Organizations are exposed to various risks of loss from torts; theft of, damage to and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; employee health, dental, and accident benefits; and medical malpractice. Commercial insurance and stop loss coverage is purchased for claims arising from such matters, subject to various deductibles.

Note 2. Revenue Recognition

The Company generates revenues, primarily by providing housing and health services to its residents and patients. The following streams of revenue are recognized as follows:

Monthly Service Fees:

The residency agreement that residents sign requires an advanced fee and monthly fees based upon the type of space they are applying for. Resident fee revenue for recurring and routine monthly services is generally billed monthly in advance. Payment terms are usually due within 30 days. The services provided encompass social, recreational, dining along with assisted living and nursing care and these performance obligations are earned each month. Under ASC Topic 606, management has determined that the performance obligation for the standing obligation to provide the appropriate level of care is the predominant component and does not contain a lease component under ASC Topic 842. Resident fee revenue for non-routine or additional services are billed monthly in arrears and recognized when the service is provided.

Entrance Fees:

The nonrefundable entrance fees are recognized as deferred revenue upon receipt of the payment and included in liabilities on the consolidated balance sheets until the performance obligations are satisfied. The refundable portion of an entrance fee is not considered part of the transaction price and as such is recorded as a liability on the consolidated balance sheets. Additionally, management has determined the contracts do not contain a significant financing component as the advanced payment assures residents priority access to health care in the future. These deferred amounts are then amortized on a straight-line basis into revenue monthly over the life of the resident as the performance obligation is the material right associated with access to future services as described in FASB ASC 606-10-55 paragraph 42 and 51.

Net Patient Service Revenue:

LSA provides assisted living and nursing care to residents and other patients who are covered by government, commercial, and private payers. The Organizations are paid fixed daily rates from government payors. The fixed daily rates and other fees are billed in arrears monthly. The monthly fees represent the most likely amount to be received from the 3rd party payors. Most rates are predetermined from the Centers for Medicare and Medicaid Services ("CMS"). Under ASC Topic 606, management has elected to utilize the portfolio approach in aggregating the revenues under these revenue streams.

Service Fees:

LFS provides services to individuals utilizing Medicaid and through contractual arrangements with managed care organizations for developmental disabilities, mental health, and substance abuse services and others located in North and South Carolina. The Organizations are paid fixed daily rates from government payors. The fixed daily rates and other fees are billed in arrears monthly. The monthly fees represent the most likely amount to be received from the third-party payors. Most rates are predetermined from the Centers for Medicare and Medicaid Services ("CMS"). Under ASC Topic 606, management has elected to utilize the portfolio approach in aggregating the revenues under these revenue streams.

Federal and Other Grants:

LFS provides a variety of services for children, refugees, and natural disaster victims in North and South Carolina through funding received from grants. Most of these grants are performed on the reimbursement basis, whereby expenses will be incurred and services performed which will result in funding being requested (and revenue earned) monthly based on the costs incurred and services performed within that month. LFS also receives some grants which are reimbursed based on rates of beneficiaries served under the program or based on a rate multiplied by the hours of employees working on the contract. Note that these are usually daily or hourly rates which are billed for monthly and as a result are earned over time as the services are being performed.

The Organizations disaggregate revenue from contracts with customers by payor source, as the Organizations believe it best depicts how the nature, timing and uncertainty of its revenues and cash flows are affected by economic factors. See details on a reportable segment basis in the table below:

Note 3. Liquidity and Availability

As part of its liquidity management, the Organizations have a policy to structure financial assets to be available as general expenditures, liabilities, and other obligations come due. In addition, the Organizations invest cash in excess of daily operating funds in short-term investments such as treasury bills, certificates of deposit, and money market funds.

**Lutheran Services for the Aging, Inc. and
Lutheran Family Services in the Carolinas and Affiliates
Notes to Consolidated Financial Statements**

The following schedule explains the Organizations' financial assets to meet cash needs for general expenditures within one year. The financial assets were derived from the total assets on the consolidated balance sheets by excluding the assets that are unavailable for general expenditures in the next 12 months. The Organizations seek to maintain sufficient liquid assets to cover 120 days' operating and capital expenditures.

Financial assets available for general expenditure within one year of the consolidated balance sheets date, consist of the following as of September 30:

The Organizations invest in a combination of money market funds and mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the Organizations' investment balance reported on the consolidated balance sheet.

Note 6. Endowment Funds

The Organizations' endowments consist of numerous individual funds established for a variety of purposes. The endowment funds include both donor-restricted endowment funds and funds designated by the Board of Trustees to function as endowments. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Boards to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Trustees of the Organizations have interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of the interpretation, the Organizations classify as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure in a manner consistent with the standard of prudence prescribed by SPMIFA. Both permanently restricted and temporarily restricted endowments funds have been reported as net assets with donor restriction.

In accordance with SPMIFA, the Organizations consider the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Organizations, and (7) the Organizations' investment policies.

Investment Return Objectives, Risk Parameters and Strategies. The Organizations have adopted investment and spending policies, approved by the Board of Trustees, for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment funds while also maintaining the purchasing power of those endowment assets over the long-term. Accordingly, the investment process seeks to achieve an after-cost total real rate of return, including investment income as well as capital appreciation, which exceeds the annual distribution with acceptable levels of risk. The investment objective is a balanced asset allocation, while attempting to achieve preservation of capital is a secondary objective. For the Organizations, asset allocation is expected to be 60% equity and 40% income investments.

Spending Policy. The Board of Trustees determines annual disbursements from the endowment funds. No distributions from the endowment will be made if the market value of the endowment fund principal becomes less than the original corpus value, unless otherwise stated in the endowment document.

Note 9. Retirement Plans

LSA has a 403b plan which covers all employees who are at least 21 years of age with one or more years of service. LSA's contributions for the year ended September 30, 2024 and 2023 were approximately \$465,000 and \$411,000, respectively. LSA also has a Supplemental Employee Retirement Plan for certain employees. Contributions for the year ended September 30, 2024 and 2023 were approximately \$35,000 and \$26,000, respectively. LSA sponsors an IRC Section 457(b) defined retirement plan covering certain classifications of employees meeting eligibility requirements regarding service and age. The accompanying consolidated balance sheets at September 30, 2024 and 2023 include a liability of approximately \$816,000 and \$698,000, respectively, related to the plan.

Level 2 inputs have been valued using an income approach. Level 3 inputs are unobservable, and apply only when there is little or no market activity for the asset or liability. There were no changes in the valuation techniques during the years ended September 30, 2024 or 2023.

The Organizations recognize transfers of assets into and out of levels as of the date an event or change in circumstances causes the transfer. There were no transfers of assets between levels in 2024 or 2023.

Net assets released from restrictions for operating purposes for LSA were \$850,319 and \$514,459 for the years ended September 30, 2024 and 2023, respectively. Net assets released from restrictions for LFS were \$1,739,697 and \$897,730 for the years ended September 30, 2024 and 2023, respectively.

Note 12. Board Designated Assets

At September 30, 2024 and 2023, the Organizations had \$11,713,014 and \$9,494,087 in net assets without donor restrictions classified as board designated funds. The Board has a policy that all estate gifts received by the Organizations will be included in board designated funds with purposes to be determined at a future date.

Note 13. Contingencies

The Organizations self-insure a portion of their employee health benefits exposure up to \$125,000 per employee. An accrual for the self-insurance program is established to provide for estimated claims and losses and applicable legal expenses for claims incurred through September 30, 2024 but not reported. This accrual was determined in conjunction with a health insurance consultant and totaled approximately \$755,000 and \$617,000 at September 30, 2024 and 2023, respectively. The accrual is included in accrued health benefits in the accompanying consolidated balance sheets. Commercial insurance has been obtained for coverage in excess of the self-insured amounts.

During 2013, LSA began participating in a "high deductible" workers' compensation insurance policy. They are responsible for the first dollar claims up to \$100,000 per occurrence or \$500,000 in the aggregate. The accrual for estimated claims incurred through September 30, 2024 and 2023 was approximately \$324,000 and \$432,000, respectively, and is recorded in accounts payable.

The Organizations are involved in litigation in the ordinary course of business related to professional liability claims. Management believes all claims will be settled within the limits of insurance coverage. However, the ultimate settlement of these cases and losses, if any, to the Organizations cannot be estimated at this time. Other claims may be asserted arising from past services provided through September 30, 2024. Management believes these claims, if asserted, would be settled within the limits of insurance coverage. General and professional liability coverage is on an occurrence basis for individual claims up to \$1,000,000 per occurrence, with a total annual aggregate of \$3,000,000.

As a result of the Organizations' participation in the Medicare and Medicaid programs, they are subject to various governmental reviews, audits and investigations to verify the Organizations' compliance with these programs and applicable laws and regulations. The Organizations are routinely subject to audits under various government programs. Private pay sources such as third-party insurance and managed care entities also often reserve the right to conduct audits as well.

The Organizations have received proceeds from several federal grants. These amounts are subject to additional audit procedures in accordance with federal regulations. Certain costs charged to the grants may be questioned as not being appropriate expenses under the grant agreements. Any questioned costs could result in the refund of grant monies to grantor agencies. Management expects such amounts, if any, to be immaterial.

Note 14. Split Interest Agreements

In 2011, LSA received two \$500,000 charitable gift annuities. Under the terms of the agreements, LSA is to pay the donors \$6,250 and \$6,000, respectively, on a quarterly basis over the donors' remaining life.

The annuity obligation of approximately \$526,000 and \$549,000 at September 30, 2024 and 2023, respectively, represents the present value of the expected future cash payments to the donors computed over the life expectancy of the donors. LSA made payments totaling \$49,000 during the years ended September 30, 2024 and 2023, respectively under the terms of the agreements.

Note 15. Functional Expenses

Operating expenses not directly attributable to a specific function are allocated to specific functions by the Organizations' management based on what it considers to be the best available objective criteria, such as time spent or relative benefit. Functional expenses are summarized as follows as September 30:

Note 16. Employee Benefit Plans

Defined Benefit Plan

The Organizations have a non-contributory defined benefit pension plan that covers substantially all GlenFlora employees hired before October 1, 2013. The plan benefits are based on years of service and an average of the highest five consecutive plan years of compensation in which the employee earned a year of benefit service, out of the last ten plan years, in which the employee earned a year of benefit service. The Organizations froze the plan as of October 1, 2012. The following table sets forth the changes in benefit obligations, changes in plan assets and components of net periodic benefit cost.

Investment Policy and Strategy

The policy, established by the Retirement Committee, outlines the goals and investment objectives for the Organizations defined benefit plan (collectively, the “Plan”). The policy is intended to provide guidelines for managing the Plan assets. The policy describes an appropriate risk posture for investment of the Plan assets, specifies target asset allocation policy, establishes investment guidelines regarding the selection of investment managers, permissible securities and diversification of assets, and specifies criteria for evaluation of the performance of the Plan’s investment managers and the assets as a whole. The policy is dynamic and is reviewed and revised periodically to ensure it adequately reflects any changes to the Plan assets and the capital markets.

Fair Value of Plan Assets

Fair value as defined under generally accepted accounting principles is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Generally accepted accounting principles establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1** Observable inputs such as quoted prices in active markets.
- Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan’s assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Prices for money market funds, exchange-traded funds and mutual funds which are readily available in the active markets in which those securities are traded are categorized as Level 1. The Plan does not have any financial assets or liabilities measured at fair value on a recurring basis categorized as Level 2 or Level 3, and there were no transfers in or out of Level 3 during 2024 or 2023. There were no changes during 2024 or 2023 to the Plan’s valuation techniques used to measure asset and liability fair values on a recurring basis.

Notes to Consolidated Financial Statements**

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of September 30, 2024:

	September 30, 2024			Fair Value
	Level 1	Level 2	Level 3	
Money market funds	\$ 68,639	\$ -	\$ -	\$ 68,639
Exchange-traded funds	1,750,917	-	-	1,750,917
Mutual funds	1,275,757	-	-	1,275,757
Total	\$ 3,095,313	\$ -	\$ -	\$ 3,095,313

	September 30, 2023			Fair Value
	Level 1	Level 2	Level 3	
Money market funds	\$ 47,939	\$ -	\$ -	\$ 47,939
Exchange-traded funds	743,211	-	-	743,211
Mutual funds	1,793,345	-	-	1,793,345
Total	\$ 2,584,495	\$ -	\$ -	\$ 2,584,495

The above table does not include cash and accrued income of \$278 and \$2,366 at September 30, 2024 and 2023, respectively that are included with the assets of the Plan.

Determination of Expected Long-Term Rate of Return

The expected long-term rate of return for the Plan's total assets is based on the expected return of each of the above categories, weighted based on the median of the target allocation for each class. The expected return of each asset class is weighted based on the target allocation to develop the expected long-term rate of return on assets. This resulted in the use of 6.50% in 2024.

Expected Future Benefit Payments

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

2025	\$ 183,125
2026	\$ 187,521
2027	\$ 201,878
2028	\$ 197,093
2029	\$ 192,301
2030 - 2034	\$ 976,019

Expected Cash Contributions

The Organizations expects to make cash contributions to the pension plan in the amount of \$11,586 in 2025.

Defined Contribution Plan

The Organizations also have a defined contribution plan under section 403(b) that is available to substantially all employees who meet the eligibility requirements. Employee contributions are made through payroll deductions authorized by the employee with employer matching contributions at various rates. The Organizations contributions to the 403(b) plan were approximately \$466,000 and \$693,000 in 2024 and 2023 , respectively.

Note 17. Subsequent Events

Management has evaluated subsequent events through January 28, 2025, the date which the financial statements were issued.

Note 18. CARES Act

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief and Economic Security (CARES) Act was signed into law on March 27, 2020. One provision of the CARES Act was the establishment of the Provider Relief Funds, administered by the U.S. Department of Health and Human Services (HHS). The Provider Relief Funds are being distributed to healthcare providers throughout the country to support the battle against the COVID-19 outbreak. These funds are intended to reimburse qualifying expenses and lost revenues attributable to COVID-19 and are subject to the terms, conditions, and regulatory requirements set forth by HHS. If the total distributions received by the Organizations exceed the cumulative amount of qualifying expenses and lost revenues attributable to COVID-19 through July 31, 2021, any excess funding may be subject recoupment. The Provider Relief Funds are accounted for as conditional contributions and related revenues are recognized as conditions are substantially met. During the year ended September 30, 2023 the Organizations recognized approximately \$198,000 in revenues and other support, which is presented within the federal grants and other line item on the consolidated statement of operations and changes in net assets.

Basis of Presentation

This financial projection presents, to the best of management's ("Management") knowledge and belief, Lutheran Retirement Center – Salisbury, Inc., Lutheran Home at Trinity Oaks, Inc., and Lutheran Home at Trinity Oaks Property, Inc., collectively d/b/a Trinity Oaks ("Trinity Oaks"), expected combined balance sheets, combined statements of operations and changes in net assets and combined cash flows as of September 30, 2025, 2026, 2027, 2028 and 2029 and for each of the years then ending (the "Projection" or the "Projection Period").

Accordingly, the Projection reflects Management's judgment as of February 7, 2025, the date of this Projection, of the expected conditions and its expected course of action during the Projection Period. Hypothetical Assumptions – A hypothetical assumption is an assumption used in a financial projection to present a condition or course of action that may not occur as expected, but is consistent with the purpose of presentation.

Management has prepared its financial Projection with the following hypothetical assumptions:

- Management has projected the collection of the Employee Retention Credit Receivables in 2025.

The accompanying Projection information and this report are intended solely for the information and use of Management, the Board of Trustees, and the North Carolina Department of Insurance (pursuant to the requirement of North Carolina General Statutes, Chapter 58, Article 64 and is included in Trinity Oaks' disclosure statement filing), and is not intended to be and should not be used by anyone other than these specified parties.

The projected results may not be achieved as there will usually be differences between the projected and actual results because events and circumstances frequently do not occur as expected and those differences may be material. Management does not intend to revise this Projection to reflect changes in present circumstances or the occurrence of unanticipated events.

BACKGROUND INFORMATION (CONTINUED)

Trinity Oaks is an affiliate of Lutheran Services for the Aging, Inc. ("LSA"), a social ministry organization affiliated with the North Carolina Synod of the Evangelical Lutheran Church in America. Both Trinity Oaks and LSA are nonprofit corporations under section 501(c)(3) of the Internal Revenue Code and are located in Salisbury, North Carolina.

LSA began operations in 1962 as North Carolina Lutheran Homes, growing from a small nursing home in Hickory to operating eleven senior living facilities providing a variety of independent living, assisted living, and nursing accommodations, an adult day services operation, a pharmacy, a home care agency and a foundation. LSA has also partnered with agencies in Catawba, Gaston, Guilford, and Mecklenburg counties to provide services to seniors through Program of All-Inclusive Care for the Elderly ("PACE") programs.

Trinity Oaks is one of several members of LSA that are part of an obligated group (the "Obligated Group") which was established as part of its previous financings.

The Obligated Group consists of the following:

LSA Management, Inc. provides management, accounting, management information and resource development services to all of the affiliates. LSA Pharmacy, Inc. provides pharmacy services to the seven Lutheran Homes in operation. Trinity Place, Trinity Village, Trinity Oaks Health & Rehab, Trinity Ridge, Trinity Glen, Trinity Grove and Trinity Elms are separately owned and operated. All seven homes provide skilled and intermediate nursing services and Trinity Place, Trinity Village and Trinity Oaks Health & Rehab provide home for the aged services (generically, assisted living). The Lutheran Home Property affiliates own the buildings, land improvements and building services equipment for their respective operations and the facilities are leased to the operating corporations. The retirement center affiliates were established to develop and operate rental retirement and continuing care retirement communities.

Overview of Services Provided by Trinity Oaks

Trinity Oaks retirement

Lutheran Retirement Center – Salisbury, Inc., d/b/a “Trinity Oaks retirement,” is a fee-for-service retirement community consisting of 167 independent living units (125 apartments and 42 cottages) and 38 assisted living residences. The independent living apartments, housed in a three-story building, include 45 two-bedroom units, 63 one-bedroom units and 17 studio units. All 38 assisted living residences are single occupancy rooms. Trinity Oaks retirement currently occupies approximately 11 acres, part of the larger 40-acre site upon which the skilled nursing facility known as Trinity Oaks Health & Rehab is located. Trinity Oaks retirement and Trinity Oaks health and rehab (as defined hereinafter) operate together as a North Carolina licensed continuing care retirement community (a “CCRC”).

The following paragraph is a summary of key provisions of the Resident Agreement. For more detailed information regarding this agreement, please refer to Trinity Oaks’ Resident Agreement which is included in Trinity Oaks’ Disclosure Statement filed with the North Carolina Department of Insurance.

Trinity Oaks retirement offers three entrance fee plans for all of its apartments and cottages (as further described in “Advance Fees” on page 11). The entrance fee entitles occupancy of a residence by the resident at Trinity Oaks retirement, together with the use and benefits of its common areas, amenities, services and programs. The entrance fee also assures the residents priority access to the assisted living

BACKGROUND INFORMATION (CONTINUED)

center and Trinity Oaks health and rehab. Upon leaving Trinity Oaks retirement's independent living units, the resident or the resident's estate will receive a refund of the entrance fee, depending upon the entrance plan selected. A monthly service fee for the independent living apartments include all occupancy costs (except telephone service and cable TV) and includes two meals per day in the dining room. Service fees are based on the size and type of apartment occupied. Apartments occupied by more than one person are assessed a fee for each additional occupant to cover the additional maintenance and meal cost. Monthly fees and services for cottage residents are modeled after those provided apartment residents, with variations in dietary and certain other services. Monthly fees for the assisted living residents include three meals per day and all occupancy costs (except telephone service and cable TV). Trinity Oaks provides activity and transportation opportunities for all of its residents.

Trinity Oaks health and rehab

Lutheran Home at Trinity Oaks, Inc., d/b/a "Trinity Oaks health and rehab," consists of 115 nursing facility beds (14 in an Alzheimer's unit), 12 assisted living beds (11 in an Alzheimer's unit) and 12 independent living apartments located in the lower level of the facility. The facility was opened in 1976 with 110 beds and 12 apartments and was expanded to its current complement of beds in 1991. The addition of the Virginia Casey Center provides both skilled nursing and assisted living beds for those residents with Alzheimer's in a secure unit. The facility occupies a portion of the Salisbury campus, which it shares with Trinity Oaks retirement.

Health Care Services

Trinity Oaks health and rehab offers assisted living and nursing services to its residents. The health care facilities house their own dining facilities, lounges and recreational areas. Emergency nursing response is available to residents of the health care facilities and the independent living apartments on a 24-hour-a-day basis. In general, the operations of the health care units are supervised by a Licensed Adult Care Home and/or Nursing Home Administrator and Director of Nursing ("DON") in consultation with the Medical Director ("MD"), who is a licensed physician providing consulting services pursuant to a contract with LSA. They are responsible for developing and implementing health care policies and coordinating the medical services in accordance with relevant state and federal regulations and generally accepted medical practices. Residents may continue under the care of their own physician who has admission privileges at a local hospital, or they may choose the MD as their primary care physician.

The licensed administrator is charged with the day-to-day operation of the health care services. Registered nurses, together with licensed practical nurses and certified nursing assistants, offer residents professional care, immediate attention and emergency consultations 24 hours per day. When a resident's medical condition requires assisted living or nursing services, the resident moves from an independent living unit to either an assisted living or nursing unit on a permanent or temporary basis. The MD, licensed administrator, together with the DON and social worker, determine if a resident should be transferred into a different level of care, but only after consulting with the resident and the resident's physician and any appropriate family member or responsible party.

Residents of the assisted living or nursing units also receive housekeeping service and a total of three meals per day. Certain additional ancillary health care services are not included in the per diem fees and will be charged to the resident. Examples of additional ancillary health care charges include, but are not limited to, the cost of prescription and non-prescription medications, physical examinations, laboratory tests, physical therapy, occupational therapy, speech therapy, rehabilitative treatments, wheelchairs, other medical equipment and supplies, and any other medical services beyond those available at Trinity Oaks health and rehab. Also, additional professional services (medical or otherwise) contracted by the resident or on the resident's behalf will be charged to the resident.

Summary of Significant Projection Assumptions and Accounting Policies

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Trinity Oaks maintains its accounting and financial records according to the accrual basis of accounting.

Basis of Combination

The projected combined financial statements include the accounts of Lutheran Retirement Center – Salisbury, Inc., Lutheran Home at Trinity Oaks, Inc. and Lutheran Home at Trinity Oaks Property, Inc. All related party balances and intra-company transactions have been eliminated in combination.

Cash and Cash Equivalents

Trinity Oaks considers all unrestricted short-term investments with an original maturity of three months or less when purchased to be cash equivalents. Trinity Oaks maintains their cash accounts with high quality financial institutions, which, at times, may exceed federally insured limits. Trinity Oaks has not experienced any losses in such accounts. Trinity Oaks believes it is not exposed to any significant credit risk on cash.

Restricted cash is included with cash and cash equivalents in the projected combined statements of cash flows. The following table provides a reconciliation of cash, cash equivalents and restricted cash reported within the projected combined balance sheets that sum to the total amounts shown in the projected combined statements of cash flows for the periods ending September 30, 2025, 2026, 2027, 2028, and 2029.

	As of September 30,				
	2025	2026	2027	2028	2029
Cash and Cash Equivalents	\$14,208	\$14,652	\$15,096	\$15,540	\$15,984
Residents' Funds	15	15	15	15	15

Total Cash, Cash Equivalents and Restricted Cash Shown in Projected Combined Statements of Cash Flows	\$14,385	\$14,836	\$15,287	\$15,737	\$16,187

Investments

Investments in marketable equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the projected combined balance sheets. Investment income or loss (including realized gains and losses on investments, interest and dividends) is included in the excess of revenues over expenses unless the income or loss is restricted by donor or law. Unrealized gains and losses on investments are included in the excess of revenue over expenses on the projected combined statement of operations and changes in net assets. Management has not projected unrealized gains or losses during the Projection Period.

Service Fees

Service fees for Trinity Oaks are reported at the estimated transaction from residents, third party payors and others for services rendered. Trinity Oaks provides services to patients covered under the Medicaid and Medicare programs.

Summary of Significant Projection Assumptions and Accounting Policies

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment arrangements include prospectively determined rates. However, federal and state regulations provide for certain retroactive adjustments, to current and prior years' payment rates, based on industry-wide and entity-specific data. Provisions for estimated third-party settlements are provided in the period the related services are rendered. Any differences between estimated final settlement amounts and actual final settlements are recorded in the year the final settlement is determined.

Trinity Oaks perform an evaluation of the collectability of net revenues recorded and records an allowance for current expected credit losses. Provisions for expected credit losses is primarily estimated based on cash collection analysis by payor classification and the age of the account. When considering the adequacy of allowances for expected credit losses, receivable balances are routinely reviewed in conjunction with historical collection rates, industry trends, and other business and expected future economic conditions and market trends that might reasonably be expected to affect the collectability of accounts. Accounts receivable are written off after collection efforts have been pursued in accordance with established policies and procedures.

Revenue Recognition

Trinity Oaks generates revenues, primarily by providing housing and health services to its residents and patients. The following streams of revenue are recognized as follows:

Monthly service fees:

The residency agreement that residents sign require an advanced fee and monthly fees based upon the type of space they are applying for. Resident fee revenue for recurring and routine monthly services is generally billed monthly in advance. Payment terms are usually due within 30 days. The services provided encompass social, recreational, dining along with assisted living and nursing care and these performance obligations are earned each month. Under ASC Topic 606, Management has determined that the performance obligation for the standing obligation to provide the appropriate level of care is the predominant component and does not contain a lease component under ASC Topic 842. Resident fee revenue for non-routine or additional services are billed monthly in arrears and recognized when the service is provided.

Entrance fees:

The nonrefundable entrance fees are recognized as deferred revenue upon receipt of the payment and included in liabilities on the balance sheet until the performance obligations are satisfied. The refundable portion of an entrance fee is not considered part of the transaction price and as such is recorded as a liability on the balance sheet. Additionally, Management has determined the contracts do not contain a significant financing component as the advanced payment assures residents priority access to health care in the future. These deferred amounts are then amortized on a straight-line basis into revenue monthly over the life of the resident as the performance obligation is the material right associated with access to future services as described in FASB ASC 606-10-55 paragraph 42 and 51.

Summary of Significant Projection Assumptions and Accounting Policies

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Patient Service Revenue:

Trinity Oaks provides assisted living and nursing care to residents and other patients who are covered by government, commercial, and private payers. Trinity Oaks is paid fixed daily rates from government payors. The fixed daily rates and other fees are billed in arrears monthly. The monthly fees represent the most likely amount to be received from the 3rd party payors. Most rates are predetermined from the Centers for Medicare and Medicaid Services ("CMS"). Under ASC Topic 606, Management has elected to utilize the portfolio approach in aggregating the revenues under these revenue streams.

Assets Limited as to Use

Assets limited as to use are projected to primarily include investments for which the board has designated, donors have restricted as to use, the operating reserve required by the North Carolina Department of Insurance, or funds held by a trustee under debt-related agreements. Those monies that are projected to be used within the next fiscal year have been classified as current assets on the projected combined balance sheets.

Debt Issuance Costs

Debt issuance costs are being amortized using the straight-line method over the term of the related financing agreement.

As noted hereinafter, the debt issuance costs for the Series 2021 Bonds (as defined hereinafter) are carried on the financial records of LSA Management, Inc. Management has projected the allocation of the debt issuance costs associated with the Series 2021 Bonds through due from affiliate accounts. Management has projected the amortization to be included as a component of interest expense on the projected combined statements of operations and changes in net assets.

Original Issuance Premium

Original issuance premium is being amortized using the straight-line method over the term of the related financing agreement.

As noted hereinafter, the original issuance premium for the Series 2021 Bonds are carried on the financial records of LSA Management, Inc. Management has projected the allocation of the original issuance premium associated with the Series 2021 Bonds through due from affiliate accounts. Management has projected the amortization to be included as a component of interest expense on the projected combined statements of operations and changes in net assets.

Property and Equipment

Property and equipment having an estimated useful life greater than two years and a value greater than \$2,500 are projected to be stated at cost if purchased or at fair market value at the date of donation. Maintenance and repairs are projected to be charged to expense as incurred and renewals and betterments are projected to be capitalized. Depreciation is computed using the straight-line method over the estimated useful lives of the assets.

Summary of Significant Projection Assumptions and Accounting Policies

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensation Absences

Compensated absences are projected to be accrued for employees as benefits are earned.

Refundable Fees and Deferred Revenue from Advance Fees

Fees paid by a resident upon entering into a residency agreement at Trinity Oaks continuing care retirement community, net of the portion thereof that is refundable to the resident, are recorded as deferred revenue from advance fees and are amortized to income using the straight-line method over the estimated remaining life expectancy of the resident.

Through July 31, 2013, Trinity Oaks offered two types of agreements. One type, the 80% Entrance Fee Refund Plan, states the refund is equal to the entrance fee less a four percent (4%) non-refundable fee paid at time of occupancy and by one percent (1%) per month for the first 16 months of occupancy, after which 80% of the entrance fee is refundable. The other type, the Limited Refund Plan, states the refund for apartments is equal to the entrance fee less a four percent (4%) non-refundable fee paid at time of occupancy and two percent (2%) per month for the first 48 months, after which the entrance fees is non-refundable. The refund for cottages under the Limited Refund Plan is equal to the Entrance Fee, which is comprised of the basic Cottage fee and selected Major Options, reduced by five percent (5%) per month, or any portion of a month of occupancy for the first twenty (20) months of occupancy. Following twenty (20) months of occupancy, there is no refund on any amount paid by the Resident. Any refund is payable upon reoccupancy or within two years, whichever occurs first. Trinity Oaks records a current portion of refundable fees that is expected to be refunded in the next year.

Beginning August 1, 2013, Trinity Oaks offers three types of agreements. The 90% Refund Plan, states the refund is equal to the entrance fee less a one percent (1%) non-refundable fee paid at time of occupancy and by one-half percent (0.5%) per month for the first 18 months of occupancy, after which 90% of the entrance fee is refundable. The 50% Refund Plan, states the refund is equal to the entrance fee less two percent (2%) non-refundable fee paid at time of occupancy and by one percent (1%) per month for the first 48 months of occupancy, after which 50% of the entrance fee is refundable. The Limited Refund Plan, states the refund is equal to the entrance fee less a four percent non-refundable fee paid at the time of occupancy and two percent (2%) per month for the first 48 months, after which the entrance fee is non-refundable. Any refund is payable upon re-occupancy.

Net Assets With Donor Restrictions

Net assets with donor restrictions are those whose use by Trinity Oaks has been limited by donors to a specific time period or purpose.

Excess of Revenue Over Expenses

The projected combined statements of operations and changes in net assets include excess of revenue over expenses. Changes in net assets without donor restrictions, which are excluded from excess of revenue over expenses, consistent with industry practice, include unrealized gains and losses on investments other than debt securities, permanent transfers of assets to and from affiliates for other than goods and services, and contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets).

Summary of Significant Projection Assumptions and Accounting Policies

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Donor-Restricted Gifts

Unconditional promises to give cash and other assets to Trinity Oaks are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received. The gifts are reported as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets under donor restriction are reclassified to net assets without donor restrictions and reported in the projected combined statements of operations and changes in net assets as net assets released from restrictions. Donor-restricted contributions whose restrictions are met within the same year as received are reported as restricted contributions and released from net assets under donor restrictions in the accompanying projected financial statements.

Advertising Costs

Advertising costs are charged to operations when incurred.

Long-Lived Assets

Trinity Oaks periodically reviews the carrying value of its long-lived assets (primarily property and equipment) whenever events or circumstances provide evidence that suggests that the carrying amount of long-lived assets may not be recovered. If this review indicates that the long-lived assets may not be recoverable, Trinity Oaks reviews the expected undiscounted future net operating cash flows from its facilities, as well as property valuations. Any permanent impairment of value is recognized as a charge against earnings in the projected combined statements of operations and changes in net assets. Management has not projected any impairment of its long-lived assets.

Income Taxes

Trinity Oaks has been recognized as tax-exempt pursuant to Section 501(c)(3) of the Internal Revenue Code. Trinity Oaks has implemented the accounting requirements associated with uncertainty in income taxes using the provisions of Financial Accounting Standards Board ("FASB") ASC 740, *Income Taxes*. Using that guidance, tax positions initially need to be recognized in the projected combined financial statements when it is more-likely-than-not the positions will be sustained upon examination by the tax authorities. It also provides guidance for derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

Summary of Significant Projection Assumptions and Accounting Policies

MANAGEMENT'S BASIS FOR PROJECTION OF REVENUE

Revenues for Trinity Oaks are primarily generated from per diem charges from the nursing and assisted living beds, monthly service fees for the independent living units, and amortization of entrance fees.

Resident service revenue is composed of:

- Revenue for the nursing and assisted living units based on assumed monthly and daily charges, as well as based on Management's expectations of Medicare and Medicaid reimbursement, as well as other state supplemental income; and
- Revenue for the independent living units, which are based on the monthly service fees assumed by Management to be charged to the residents and the assumed utilization of the independent living units.

MANAGEMENT'S BASIS FOR PROJECTION OF OTHER ITEMS

Current Assets and Current Liabilities

Cash and Cash Equivalents

Cash and cash equivalent balances for the Projection Period are based on the results of the Projected Combined Statements of Cash Flows and reflect amounts that are highly liquid with a maturity of three months or less. For purposes of presentations, cash and cash equivalent balances are estimated to be approximately 222 days for 2025, 2026, 2027, 2028, and 2029. Amounts in excess of these amounts are classified as investments.

Accounts Receivable, Residents, Net of Current Expected Credit Losses

Accounts receivable, net of current expected credit losses, are projected based on historical levels based on 30 days of operating revenues.

Other Receivable

Other accounts receivable has been projected based upon historical experience based on 18 days of operating revenues.

Inventories

Inventories have been projected based on historical experience based on 1 days of operating expenses.

Accounts Payable, Trade

Accounts payable, trade, have been projected based on historical levels for Trinity Oaks based on 6 days of operating expenses.

Accrued Health Benefits

Accrued Salaries and Payroll Taxes

Accrued salaries and payroll taxes have been projected based on historical levels for Trinity Oaks based on 29 days of total salaries and taxes.

Refundable Fees – Current

Refundable fees – current - have been projected based on a fixed amount and Management has not projected that the current balances would change during the Projection Period.

Employee Retention Credit Receivables

The Employee Retention Credit (ERC) is a refundable tax credit against certain employment taxes equal to 50% of the qualified wages an eligible employer pays to employees after March 12, 2020, and before January 1, 2021. On December 27, 2020, the Consolidated Appropriations Act (CAA) was signed into law. Among other provisions, the CAA expanded the eligibility for ERC to include more entities as well as extending ERC into calendar year 2021 including the first, second and third calendar quarters. Furthermore, the refundable tax credit for the calendar year 2021 was expanded to 70% of the qualified wages. The CAA provided these entities the ability to retroactively recover payroll taxes from earlier in 2020 during which they were previously ineligible. This is done by retroactively applying for the credit.

Summary of Significant Projection Assumptions and Accounting Policies

MANAGEMENT'S BASIS FOR PROJECTION OF OTHER ITEMS (CONTINUED)

Employers, including tax-exempt organizations, are eligible for the credit if they operate a trade or business during calendar year 2020 and 2021 and experience either the full or partial suspension of the operation of their trade or business during any calendar quarter due to a significant decline in gross receipts or because of governmental orders limiting commerce, travel or group meetings due to COVID-19. The credit applies to qualified wages (including certain health plan expenses) paid during this period or any calendar quarter in which eligibility requirements were met.

Grants from the government are recognized when all conditions of such grants are fulfilled or there is reasonable assurance that they will be fulfilled. As of September 30, 2024, Trinity Oaks had a receivable of approximately \$742,000 recorded on the combined balance sheet. Management projected the collection of the approximate \$742,000 receivable during the year ending September 30, 2025.

There is a possibility that upon subsequent review the Internal Revenue Service could reach a different conclusion regarding the Organization's eligibility to retain the ERC credits received. That could result in repayment of the credits, interest, and potential penalties. The amount of liability, if any, from potential ineligibility cannot be determined with certainty.

Assets Limited as to Use

A narrative description of the assets limited as to use follows.

Under Board Designation

Board Designated Investments – Funds designed by the Board are for capital acquisitions and are assumed to remain stable throughout the Projection Period.

Assets Restricted for Investment in Property and Equipment – Trinity Oaks has donor-restricted funds received from a capital campaign that was focused on property and equipment purchases.

Restricted Cash and Investments – Operating Reserve Requirements – In North Carolina, continuing care retirement communities are required to establish an operating reserve equal to 50 percent of operating expenses if Trinity Oaks's average occupancy is below 90 percent and 25 percent if the occupancy is in excess of 90 percent. The statutory operating reserve is based on operating expenses (excluding depreciation and amortization), and Trinity Oaks can exclude interest and principal payments if a separate debt service reserve fund has been established. Management has projected its occupancy at Trinity Oaks, which is a continuing care retirement community, to exceed 90 percent. As such, Management has projected an operating reserve in the amount of 25 percent of operating expenses for all fiscal years. The Operating Reserve can be accessed for operating needs, but permission must be granted by the North Carolina Department of Insurance.

DEFINITION OF PERFORMANCE CODES

0. INDEPENDENT

The resident performs the activity without help, or may require minimal supervision of assistance only once or twice a week. For example, a resident who usually transfers on and off the toilet unassisted may need someone to stand by the toilet room door after an especially tiring day away from the home.

1. SUPERVISION

The resident can perform the activity when another person provides oversight, encouragement and prompting, or with supervision plus some physical assistance only once or twice a week. For example, an incontinent resident may be able to use the toilet room unassisted if regularly reminded to do so.

2. LIMITED ASSISTANCE

The resident is highly involved in performing the activity for him/herself. The resident also requires help from another person in guided maneuvering of limbs or other non-weight bearing assistance only once or twice during a week. For example, a resident may need another person to hold up his/her shirt and physically guide his/her hand to the sleeve opening, but the resident can push his/her arm through the sleeve.

3. EXTENSIVE ASSISTANCE

The resident can perform part of the activity for him/herself. The resident also requires other weight bearing support from another person three or more times a week, or someone else to perform the task for him/her (three or more times) during part, but not all, of the week). For example, on three occasions the resident needed another person to lean against and steady him/her while transferring from standing with a walker into a bed or chair.

4. TOTALLY DEPENDENT

Someone else must complete the task for the resident at all times. For example, a resident who cannot do any part of dressing for him/herself, and requires total assistance with dressing from other people.
